City Council took steps last week "to cut off any citizen who would use ethnic slurs and discriminatory remarks while addressing council or in the chambers."

The council took the action in the wake of an incident where a citizen used expletives during her dialogue with city and council officials.

The new rules will be added to the rules regarding members of the public addressing council.

No surprises in PCHA elections

There may have been more candidates than ever before, but the surprises were few when the People Community Hospital Authority (PCHA) Board of Directors elected new officers last Thursday night.

The closest races came in filling two four-year and one three-year member-at-large seats.

Vying for the four-year terms were incumbents Donald Pizzimenti of Allen Park and Edward R. Dudek of Inkster, Southgate Mayor Robert C. Reaume and Ken Gremore of Grosse Ile, a former executive director of the PCHA.

Pizzimenti notched 20 votes and Dudek 19 to win re-election. Reaume was named on 17 ballots and Gremore on nine.

Five candidates — Angelo Angelosi of Ypsilanti, Eugene Cunningham of Inkster, Harless Scott of Taylor, Isadore Mulias of Trenton and Barbara Swanson of Taylor — were listed on the ballot to serve the unexpired term of Justine Barns, who resigned after being elected a state representative last fall.

Following his narrow defeat for a full term, however, Reaume was nominated from the floor for the vacancy.

Because the winner had to garner a clear majority, a run-off election was forced after Reaume, Scott and

Time of decision

More than 200 persons had cast their ballots before 10 a.m. at Belleville High, signifying that a better than average turnout could be expected. The complete election returns will appear next week.

With the weather cooperating beautifully, Van Buren Community School District voters turned out yesterday to decide three school tax proposals including a levy to hike taxes 3 mills for operation.

Mother faces court exam for snatching child from guardian

A 16-month infant boy was returned, sans his hair, to the custody of his grandmother after the infant's biological mother and her boyfriend were arrested for "enticing the child."

Defendants in this bizarre case are Roxanne Krumm, 20, of Highland Park, and her boyfriend, Larry Novak, who face preliminary examination today in Romulus District Court.

Ms. Krumm's 16-month infant son was given over to the child's grandmother by a court order.

According to Romulus police, Ms. Krumm and her friend, Novak, appeared at the home where the child was residing and made off

with him on Feb. 11.

Warrants charging the mother and Novak with enticing were issued by the Wayne County Prosecutor's Office and the couple was arrested in their Highland Park dwelling.

According to Romulus police the couple belong to a religious group who practice shaving the hair from their heads. When the police picked up the couple and the infant, the child's head was shaven.

Novak was later arrested in Flat Rock by Flat Rock police.

The two defendants appeared before Judge Henry Zabrowski and stood mute to the charge. Ms. Krumm was released on a personal bond, while Novak was remanded to Wayne County Jail in lieu of \$10,000 bond.

The examination was set for 9 a.m. today.

In an unrelated case, Romulus police said that a lone gunman held up two local gas stations within a span of one hour.

According to police a man entered the gas station on Middlebelt and Goddard at approximately 6:30 p.m. on Friday and flashed a blue revolver and announced the hold-up.

After rifling the till of an undetermined amount of cash, the man fled the scene on foot.

At 7 p.m., a robber produced a blue-steel revolver at the Total gas station in the 29000 block on Ecorse Rd. and announced a hold-up. The gunman also cleaned out the cash register and bolted from the scene on foot.

Police said they have no suspects and their investigation continues.

Repayment schedule studied

'No criminal intent' in sewer fund transfers

Representatives of the city administration, city council, and the Attorney General's Office huddled last Friday to find a solution to the city's fiscal dilemma and to set up a timetable to carry out recommendations set forth in a Michigan Treasury Department audit.

The audit, carried out last year and finalized in October, concluded that the City of Romulus must "immediately transfer \$2,117,340.25 to the water debt service fund."

Through a series of meetings between the city's financial director and the Attorney General's office, the figure now discussed for transfer is in the area of \$1.8 million.

Regina King, a member of the Attorney General's Office, met last week with Mayor William Oakley, councilmen Jimmie Raspberry and John Lewkowicz, City Treasurer Beverly McAnally, Finance Director Patsy Cantrell and a representative of State Rep Edward Mahalak's Office to discuss how the city would go about raising the monies to carry out the audit's dictum.

"The purpose of the meeting was really the first of what probably will be several meetings to resolve the discrepancies in the audit report conducted by the Department of Treasury," said Ms. King.

Ms. King pointed out that "there is nothing final or conclusive that came out of this meeting. We will be meeting with Romulus officials again."

The shortage in the water debt service fund was created over a period of 25 years. Monies raised to retire bonds were utilized "for several purposes including debt service requirements and sewer bonds, loans to other funds, sewer line construction and extensions, water line construction and extensions, purchase of materials, payments of professional services, administration fees and urban renewal projects," the audit showed.

There is a statutory violation when communities and municipalities use funds earmarked for debt retirement for other purposes, Mrs. King pointed out.

Asked if she foresaw any legal action or indictments against past or present members of council or the administration, Ms. King replied:

"I'm not prepared to comment on that at all. At the present time the thrust of our meeting has been simply to get a repayment schedule plan for those debt retirement monies back to the debt retirement fund."

"There was a clear statutory violation, but whether there is any criminal intent or criminal charges

that may come out of this I'm not prepared to say at this point. My feelings are that, 'No, there will be no charges, but I'm not necessarily binding our department to that.'"

Although no date has been set for the next meeting, Ms. King said that "specifically, at this point, I'm generating a letter that will set forth the tentative figures on the amount to be repaid, (to the debt retirement fund) and an overview of the plan they (the city) are to come up with to repay these funds."

"The main thrust of these meetings is to insure that the people of Romulus won't be taxed again for something they have already paid for," Ms. King said.

Mayor says state has been helpful

Mayor William Oakley said that he was appreciative of the Attorney General and the Treasury Department's offices "for helping the city resolve an overdue problem."

"As Mayor of Romulus I am pleased that we are getting to the point of resolving a long overdue bookkeeping problem," Mayor Oakley said.

"These are hard economic times, and it's going to be a burden in some service areas to resolve this problem, however, I appreciate the attitude, the manner and the assistance that the Treasury Department of the State of Michigan and the Attorney General's Office have taken to assist us in resolving this problem."

"This problem has been a carry over since the township days, inherited by past administrations and perpetuated by resolution," Mayor Oakley continued.

MAYOR OAKLEY

"I'm happy to see we finally received some direction on it," he added.

The audit was initiated by a request made by state representative Edward E. Mahalak (D-Romulus) who had some concerns about the transfer of water and sewer debt retirement funds.

Councilman Jimmie Raspberry, who said he was also pleased with what he heard at the meeting, pointed out, "that I'm satisfied because the people of this city won't have to pay for something they have already paid for twofold."

Huron Police Chief Joe Carney resigns

In a surprise and unexpected move, Huron Township Police Chief Joseph E. Carney last week handed in his resignation to the township board, and the board accepted it.

In a written statement dated February 24, Police Chief Carney stated: "After much consideration and with some regret, I have decided to submit my resignation as Chief of Police."

Chief Carney's statement went on to say that "I have enjoyed the opportunity to serve on the department for nearly 10 years and in the capacity of chief for the past six years. I have directed the operation and growth of the department under four administrations."

"With the cooperation and support of the township board, I have been able to implement many new programs and projects designed to serve the needs of the community. I hope that these programs will be continued, especially in the area of crime prevention."

A J. Haener, Supervisor of Huron Township, said that "at this point we are not looking for a police chief, however, we will be some time in the near future."

The resignation is effective April 1, 1983.

Chief Carney supervised four full-time police officers and a handful of part-time officers who are charged with the law enforcement duties and police protection of approximately 10,000 residents who are spread over 36 square miles.

Police Chief Carney recently initiated Neighborhood Watch and Crime Prevention programs for the township. Although the township, as in many other townships and communities, has been plagued with break-ins, it has not witnessed a rise in major crimes.

Police Chief Carney noted that "in arriving at my decision to resign, I consider the fact that I have achieved the goals that I set when I began my service as Chief of Police, that is, to create an efficient and effective full service police operation with adequate funding."

"Through the approval of a special millage, a full-time police department has been established. The department is full service and the statistics and arrest records will attest to the effectiveness of the department. In addition, we have a reserve unit and a good start on a

number of crime prevention programs.

"I feel that I must now move on and pursue new challenges," Chief Carney concluded.

CHIEF CARNEY

DONALD PIZZIMENTI

Mulias achieved pluralities. Scott is a former Taylor councilman, and Mulias formerly was mayor of Trenton.

Scott was eliminated in the runoff, but neither Reaume nor Mulias had a majority. Reaume finally won the seat on the third ballot.

All of the incumbent officers — Chairman Pizzimenti, Vice Chairman Patrick Norton of Wayne, Treasurer Roger J. Remer of Flat Rock and Secretary Hiram McNelly of Inkster — were re-elected by acclamation after running unopposed for office.

Elected to the PCHA Executive Committee were Ruth L. Urton of Superior Township and Harold LaVassaur of Trenton.

The PCHA owns and operates Annapolis Hospital in Wayne, Outer Drive in Lincoln Park, Seaway in Trenton, Heritage in Taylor and Beyer Memorial in Ypsilanti.

Public hearing set to reduce noise from I-94

Noise abatement structure planned

Various alternatives to reduce noise from I-94 Freeway traffic in Romulus will be discussed at two information sessions in Romulus on March 30, the Michigan Department of Transportation (MDOT) said today.

The informal sessions will be held from 3:30 p.m. to 5 p.m., and from 7 p.m. to 8:30 p.m. at the Romulus City Hall, 11111 Wayne Road.

Purpose of the sessions is to provide the public an opportunity to be involved in the project from its earliest stages. Citizens are encouraged to help select the location and type of noise abatement structure to be constructed in the area.

Options include earth berms, or walls made of wood, concrete or brick, or a combination of both.

The sound barrier will be located along the north side of I-94 from Wayne Street east to just east of Michale Street on the highway right-of-way. The project is part of the department's continuing noise abatement program to protect citizens from excessive noise in areas where freeways have been constructed near or through existing residential sections.

Further information on this project is available by calling MDOT's toll-free number (within Michigan) at: 1-800-292-9476.

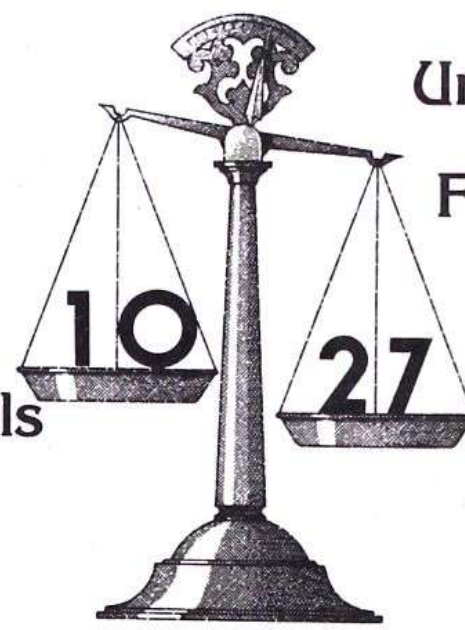

Representative Edward E. Mahalak (D) Romulus, who has spearheaded the drive for the noise barrier said, "these two meetings will give the people the opportunity to discuss the problem of the noise level and to talk about the construction, the location, materials to be used." Citizens are urged to attend the hearings and voice their opinions on this project.

Mahalak further added: "It should be emphasized that this is not a public hearing of the recommended improvements because there have been none selected. It is our intent to gain public input at the earliest stages of this project from the local residents and to stimulate communication and cooperation."

Mahalak has made a strong effort in assuring that the residents along I-94 and I-275 be protected from the high noise level. He has insisted that the Romulus sound barrier be scheduled for construction early.

"Hopefully, the residents in this area will be in attendance at the hearings and that the project will be constructed in accordance with their wishes," Mahalak said.

Home improvement loans 'eased' for low, middle incomes

Low and moderate income homeowners may have an easier time obtaining home improvement money at low interest rates, when a program change is put into effect March 14 by the Michigan State Housing Development Authority (MSHDA).

The authority lends money for a wide variety of home improvements on one- to four-unit properties at interest rates ranging from 3 to 14 percent, depending on the borrower's adjusted annual income.

Loans are available to persons whose annual household income does not exceed \$15,999, after subtracting \$750 for each member of the household. In certain targeted neighborhoods, loans can be made to people with adjusted incomes up to \$23,999.

Except in these target neighborhoods, loan applications must be made directly to local banks, savings and loan associations, or credit unions. In communities where local lenders did not participate, homeowners could not obtain a MSHDA loan.

Now, however, the Authority is signing up local units of government to accept loan applications and do at least part of the processing. Broadening the program in this way is expected to encourage greater lender participation throughout the state, according to Howard J. Cross, acting executive director.

The expanded program, which will be known as the Community Home Improvement Program (CHIP), will be explained to interested lenders and community representatives at three remaining regional meetings: March 2 in Grayling; March 4 in Marquette; and March 7 in Grand Haven.

National Beef Cook Off set

Officials of the National Beef Cook Off are now accepting entries in the annual beef cooking contest to be held Sept. 19-21 in Bismarck, N.D.

Entries are judged on a state-by-state basis with contestants competing only against entrants from their own state. All recipes are judged by either a state cook-off or a recipe judging panel, depending upon the state. State winners will then compete in the National Beef Cook-Off.

Prizes for the National Beef Cook-Off include a \$5,000 award for first place, \$2,500 for the second place winner, \$1,000 for the third place winner and five \$300 prizes for honorable mention awards.

All recipes must contain a minimum of two pounds of beef and not more than five, the meat used must be exclusively beef. Cooking time cannot exceed four hours.

In addition, recipes must be specific, with no use of brand names, and must state the number of servings and approximate preparation time.

Contestants must be 18 years of age or older with a non-professional cooking status.

Entries may be submitted to: National Beef Cook-Off, P.O. Box 10291, Chicago, Ill. 60610. Recipes should be typed and use only chuck, round, rump, fresh brisket, plate, shank or ground beef.

Sex on satellite

By GENE MIERZEJEWSKI
ANP Staff Writer

Most viewers agreed that it sure didn't look like any financial report they'd ever seen.

Due to a mix-up in satellite time, television watchers who tuned into Channel 38 on the Omnicom cable TV system in Canton last Thursday got a lot more than they'd bargained for.

Instead of seeing the scheduled program on the Financial News Network, viewers were treated to a display of nude bodies engaging in most explicit sexual activities.

According to Betsey Seeley, Omnicom general manager, the "blue movie" was aired because a new cable company called Eros and rented the satellite for the evening to show the porno flick.

The only problem was that nobody had bothered to notify the cable company that flesh was replacing finance on the channel.

Seeley said her office received only one phone call from an irate viewer while the film was being shown. Afterwards, she said, she got several other calls from people who were "delighted by the program and wanted more."

Another Omnicom official said he had received no complaints about the movie in the sales office, but several callers asked when the film was going to be aired again.

On the serious side, Seeley said she was "extremely upset" by the unscheduled showing of the feature and vowed that the experience will not be repeated.

"We have taken steps to make sure this does not happen again," Seeley said. "We are not going to be carrying any X-rated services."

"What happened was completely out of our control, and it will not happen again."

BRENDA SHERRY

Mystery ends after 25 days

Missing Belleville girl returns home safely

"I just want to say that I'm very thankful that she's home, and that she is safe. And if it wasn't for the help that the local newspapers provided us, I don't know where we would be now."

Those are the words of Esther Smith, the mother of 16-year-old Brenda Janette Sherry whose 25-day disappearance was solved when she returned home to her Belleville family last week.

The 16-year-old Brenda was re-

ported missing to Belleville and Van Buren police on Jan. 29. The local police launched a state-wide search for the gregarious junior high student and, after the newspapers joined the search, the girl was eventually located.

Sherry's parents offered a \$1,000 reward for the safe return of their child.

Van Buren Police Chief Leonard Keller said that tips resulting from the newspaper articles led to the girl's boyfriend's sister's home

where a Van Buren police officer later discovered her.

The girls' parents said that Sherry had argued with them the night before her disappearance "and that she had left their home on Hoyt

Street and hadn't been back since." "You read about a lot of kids running away," Chief Keller said, "but most return home after they find out that life isn't very easy out there. We always like to see cases like these with happy endings."

Reassignment

Board ponders West Willow pupils' fate

The continuing saga of Van Buren's West Willow Elementary School will return to the school board chambers when trustees continue their debate on reassignment of the school's 290 students.

The board has agreed to look at several reassignment proposals and they will discuss those proposals either at a March 7 special meeting or on March 14 during their regular meeting.

In a move to save the hard-pressed school system approximately \$125,000, the board decided to close the elementary school, which serves the educational needs of both Van Buren and Ypsilanti Township children.

However, some residents invited representatives from the State Board of Education to intervene because they felt the board decision was racially motivated.

At present, board members are examining graphs and statistics that depict an overview of the problem, however, they will have the final say where the students will attend next fall.

Although residents are questioning where their children will attend school, there is no question in the school officials' minds that West Willow will close at the end of the current school year.

Dr. Elvin Peets, Superintendent of Van Buren Schools, dispelled rumors last week that the administration and the school board were reconsidering their decision to close the school.

"It must be made clear that the board is now considering the reassignment of these children, and that we are not in any way going back on the decision to close West Willow," Peets said.

One of the documents that the board will study is a letter addressed to Dr. Peets and signed by John W. Dobbs, Assistant Superintendent, Michigan Board of Education, Office of School and Community Affairs. That letter reads as follows:

"This is to follow-up on the recent meeting on student assignment with you and your building administrators and Dr. Peter Bunton and Ms. Nancy Wing of this office. Both you and your staff are to be commended for your efforts to develop a plan which hopefully will lead to elimination of racial isolation of students.

It is my understand that you and your staff are endorsing a plan which would close the West Willow School and shift the students to four other elementary buildings. My staff has expressed reservations as to the reasonableness of dividing students who now attend the same school into four separate attendance areas and four separate schools.

As you are well aware, there would be a number of possibilities for a plan involving a building closing and subsequent student reassignment. The final plan, however, should be one that is both reasonable and cost efficient, as well as achieving greater racial balance. One option, which we would suggest that you, your board and staff ex-

plore is that of creating one attendance area for the present West Willow, Quirk and Rawsonville buildings. Attached are some figures which my staff worked out which shows an attendance area could be created which would bring about a better racial balance for students currently attending these three schools. The selection of these buildings is based on several factors.

rent attendance area would be divided. In addition, a better racial balance results which has been your goal.

As a second step in this plan, it is recommended that you examine carefully the financial considerations involved in closing the West Willow building as compared to the Quirk building. A district document entitled "Some Factors For Study in School Closing" (dated Novem-

b) The utility cost per square foot at West Willow is only \$.55 as compared to \$.94 for Quirk. Also, the total cost for 1981-82 was \$91,394 for West Willow and \$172,736 for Quirk.

c) This report indicates that the immediate maintenance needs for these two buildings are \$65,500 for West Willow and \$158,500 for Quirk.

A variation of this plan is to close Quirk and divide these students between West Willow and Rawsonville, keeping each a K-6 building. This would reduce the minority percentage in both schools.

It appears to us that the racial balance can still be achieved along with other important considerations within the context of the above option.

In addition to exploring other options such as the ones outlined in this letter, it is strongly recommended that parent and community involvement be a part of the planning process. As you are aware, one group of parents in Van Buren has contacted this office about their concerns. Community involvement and support is crucial to the smooth planning and functions of any reassignment plan, including civil rights groups such as the NAACP," the letter concluded.

"It must be made clear that the board is now considering the reassignment of these children, and that we are not in any way going back on the decision to close West Willow..."

Dr. Peets

- (1) — The board decision to select West Willow for closing,
- (2) — That Quirk was also under consideration for closing,
- (3) — Quirk currently has a very low minority population, and
- (4) — Rawsonville is close geographically.

Closing one building will result in a new attendance area with two buildings which could be used for grades K-3 and 4-6. The important feature of this plan is that no cur-

ber, 1982) indicates that:

(a) West Willow students are not bused; while a high proportion of the Quirk students require transportation. Closing of the Quirk school would mean that costs of busing the Quirk students would remain nearly the same, and the West Willow students could remain at a walk-in building for half of their elementary years (as opposed to all of them being transported for the entire 7 years).

Huron Twp. clerk urging support for Lucas JTPA plan

Mary Lou Carey, Huron Township clerk, is rallying support for William Lucas' federal Jobs Training Partnership ACT (JTPA) plan.

In a motion offered by trustee Gary Bates and supported by Mrs. Carey, the township board moved "to support the efforts of Wayne County Executive, William Lucas, in the implementation of the federal Jobs Training Partnership Act."

JTPA is a jobs program that will be implemented later this year to replace the Comprehensive Employment Training Act (CETA).

Mrs. Carey called upon neighboring communities "to join with us in support of one county program for all communities, exclusive of the City of Detroit."

In a letter to the officials of the communities Mrs. Carey wrote that: "The people of the County of Wayne adopted a new charter and

have elected an Executive Officer to administer the business of this County. Since January 1, 1983, it appears that many of the other elected and/or appointed officials of this county have forgotten that the people ordered this new form of government. Every time that the County Executive or a member of his staff tries to implement a new process, someone goes running off to Court. This is another waste of our tax dollars!

One of the latest efforts to usurp the powers and duties of the County executive and his staff is the formation of the Local Governmental Conference of Western Wayne, a consortium of thirteen communities in western Wayne County, who plan on applying for a Jobs Training Partnership Act grant. The Downriver Community Conference, another consortium of small communities in another area of Wayne

County is also planning to apply for some of these funds. The C.E.O. is applying for a grant for All of Wayne County, excluding the City of Detroit.

The applications by these two consortiums leaves many small cities and townships out in left field somewhere because we are not contiguous to their areas even though we too, have many people out of work. We would like to urge the communities involved in these two consortiums and all of the other communities in Wayne County to get solidly behind the C.E.O. and have one program to train ALL of the people of this county.

It is time for all of the communities of Wayne County to work together and support our new leader in his challenging position. The new charter cannot work if we are all pulling in the opposite direction!"

These are the real winners

Last week the Associated Newspapers incorrectly identified the winners of a "T-Bird" watch offered by Atchinson Ford in Belleville during the dealership's unveiling of the newest car model. Above, Kurt Atchinson (at right) presents the watch to the "real winners" Elnore Bundon and her husband, L. W. Bundon who won the

exquisitely designed watch in a drawing. Six were given out by Atchinson during the evening. Atchinson added that the new T-Birds are one of the fastest selling vehicles on the market. Yes, Mr. and Mrs. Bundon also purchased a 1983 T-Bird after taking the car for a test drive.

'Smoochable'

Of course, the Wayne Winter Festival's reigning prince and princess are smoochable, and their selection benefitted an organization that encourages kissing — your baby, that is. The tots were determined by the number of one-cent votes they received from festival goers last month, with the more than \$200 raised to benefit the Cystic Fibrosis Foundation, which encourages parents to kiss their babies. If the infant has a salty taste to their skin, it could be an indication of the disease. Crowned princess in the Wayne Jaycette-sponsored contest was Julie Lawson, 3, while wearing the crown of prince was Jason Manning, 3. Joining the tots in a "royal" portrait was contest chairman Paula Schlenker.

County continues to reorganize

Still in a transition phase, the Wayne County Commission has revised its rules to provide a new Personnel Committee and one-year terms for the chairman and vice-chairman of the Committee of the Whole on which all commissioners were previously scheduled as chairman serving in rotation.

The new chairman of the Committee of the Whole is Samuel A. Turner, from Detroit, and the vice-chairman is Milton Mack, from Wayne, both appointed by Commission Chairman William G. Suzore from Lincoln Park. All 15 members of the County Commission serve on the Committee of the Whole.

Those appointed by Suzore to the Personnel Committee are Richard

E. Manning, the Chairman, representing Detroit/Redford; Vice-Chairman Freddie G. Burton, Jr., from Detroit; and Joseph L. Jurkiewicz, from Taylor. This Committee will recommend on recruitment of the Commission staff and other aspects of employee relations with legislative personnel.

In addition to the Committee of the Whole and the Personnel Committee, the Committee structure of the County Commission includes a Ways and Means Committee, also consisting of all county commissioners; and an Audit Committee, Human Resources Committee, Public Works Committee, General Government Committee and Public Safety and Judiciary Committee.

Block Grant Funds

Sumpter seeks citizens' input

Sumpter Township officials will continue to accept input on what programs the township's Community Development Block Grant Funds should be earmarked for during the 1983-84 fiscal year.

"We'll continue to accept comments from interested citizens until March 7," said clerk Louis P. Banotai. "The funds must be used in accordance with the guidelines of the Department of Housing and Urban Development."

The proposed plan for the fiscal year totals \$99,000, of which \$74,000 is earmarked for flood and drainage facilities: to clean-out and improve the drains (\$64,000) and for the master flood control plan (\$10,000).

Monies from the Block Grant will be utilized for minor home repairs (\$7,000), for a senior coordinator's salary (\$10,500), administration costs (\$5,000) and for planning (\$2,500).

Breaking & entering

Belleville police nab 2 suspects

Belleville police have taken into custody two youths who are accused of breaking into South Junior High school.

According to Police Chief Willard Dockter, officers Richard Wall and Larry Griger were on patrol in the area of the junior high school when they spotted a suspicious man duck-

ing behind the school building around 1 a.m. Sunday.

The officers further investigated and discovered the school had been broken into and arrested the suspect and a second youth.

Chief Dockter said that a radio belonging to the school and miscellaneous items had been removed from the school premises.

Junior Study Club busy

Ferris Conference on agenda

The February meeting of the GFWC-Belleville Junior Study Club was held Feb. 16 at the Sunset Street home of member Diane Wilson. There were 14 members present for the meeting.

Because February offers the final opportunity of the club year to conclude open club business, there was no formal program. Members were invited to attend "Legislation Day" in Lansing on Feb. 22, hosted by the Michigan Federation of Women's Club, where the state's educational cutbacks, juvenile justice, and "Who Owns the Great Lakes?" were the topics of open forum discussions.

Club members also received a call to attend a Leadership and Development Conference at Ferris State College in Big Rapids, to be held on March 19, also under the sponsorship of the Michigan State Federation of Women's Clubs.

Club members voted to approach both the Van Buren Township Board of Trustees and the Belleville City Council, requesting a formal proclamation of March as Art Month, to be done in conjunction with Federated Women's Clubs across the nation. The Belleville Juniors will sponsor a poster contest for the Van Buren Public Schools during March to further the project.

Club members also set April 20 as the date for the annual Card Game party sponsored each year to fund the Genevieve Clark Memorial Scholarship. This year's event will be held at the Van Buren Township Hall.

Suzie Fry, MSFJWC Junior Fall Conference Chairman, outlined her plans for the Michigan Junior Fall Conference, which will be held in Van Buren Township and hosted by the Belleville Juniors in October 1983. Internal department chairman for the event were appointed.

Club member Connie Etter provided coffee, tea, and strawberry cream pie as refreshment for the group.

Romulus students fare well in local DECA competitions

Not only did they play the role of the perfect host, but Romulus Senior High School students came away with more than their share of honors at the annual Region IX Career Development Conference.

There were more than 10 chapters competing in the Distributive Education Clubs of America (DECA) competitions with Livonia, Wyandotte, Bedford, Highland Park, Grosse Pointe, Ann Arbor, and Wayne sending representatives.

There were 30 events with 17 finalists.

Local qualifiers for state competition included Keith Wright (finance & credit), Arlene Frazier and Laurie Hackett (accounting), Bonnie Wright, Patricia Harris and Julie Mills (restaurant services), John Lang and Donna Jones (service station retailing), Kelly Price, Jim Podijil and Robert Price (service station retailing), Norm Snook, Jimmy Hale, David Gladyness and Mark Re (food marketing) and Tammy Ducheny (general merchandising) along with Karl Springer (general merchandising).

DECA is a national organization to further education in marketing and distribution occupations.

Distributive education students are involved in a program of instruction which teaches marketing, merchandising and management skills. They are directed and challenged to gain an understanding of their chosen vocation, as well as civic consciousness, social intelligence, and leadership development.

Students competed in the areas of Finance and Credit, Apparels and Accessories-Fashion Merchandising, Petroleum Marketing, Food Service, Food Marketing, and Advertising Services.

The Competition features skills in two classifications. M. E. — Master Employee and M. O. — Manager/Owner Supervisory. Judges were business management personnel and teacher volunteers.

Testing involved written exams and demonstrations such as evaluating a credit report, an advertisement from a newspaper, and a store lay-out; ordering produce by telephone; safety inspection of an automobile; and a specialized sales demonstration.

The Romulus Chapter DECA advisors are Patricia Webster, Mike Bargardi, Don Kobane, Bill Musham, and Mike Teasdale.

Scholarships and employment opportunities frequently accompany the awards and medals received by the students.

District finalists will compete in the state competition on March 25, 26, and 27 at the Hyatt Regency in Dearborn. Those winners will compete in the national competition in New Orleans in June.

The Michigan State Housing Development Authority was established by the Legislature in 1966 to address the housing needs of the state's low and moderate income families and elderly persons. Funds are derived from the sale of bonds to private investors, not from state tax revenues.

The Home and Neighborhood Improvement Program (H/NIP) was started in late 1978 and since then the Authority has made 10,123 loans, an investment of approximately \$51.2 million. The average loan is for about \$5,000, at an interest rate of 4.86 percent. More than half the borrowers have adjusted incomes under \$10,000,

'Helping Hand' area helpers are needed

Wanted: "Helping Hand" helpers.

Still off work? Tired of sitting at home? Bored? Nothing to do? Join in helping others even less fortunate.

The Helping Hand Thrift Shop needs volunteers.

Your pay is your satisfaction in a job well done. The thanks is the joyful look on an expectant mother's face as you give her a new outfit to bring her baby home in.

Can you imagine how happy you'd be picking out a pair of warm boots for that little boy with cold feet in his wet gym shoes?

You'll get untold joy as you give a family emergency food when they have none.

The above are only a few examples of the help that is given to others every Tuesday, Wednesday, and Thursday from 9 to 2 p.m. by the volunteers at Helping Hand.

The need is greater than ever before.

The demand on the time and energy of our few volunteers is increasing. We need more Help-

Story hour at Fischer Library

The Fred C. Fischer Public Library in Belleville is offering a story hour for pre-schoolers.

The program, for children between the ages of 3 and 4, will consist of the introduction of books by means of stories, games and crafts and will be conducted on five consecutive Wednesday evenings beginning on Wed., March 9.

The program will be approximately a half hour from 7 p.m. until 7:30 p.m. and registration may be made in person or by telephoning 699-3291.

Seventeen communities, stretching along the western boundaries of Wayne and Oakland Counties, have already agreed to appropriate a total of \$74 million towards the project and the Federal Government will fund the balance — \$210 million. Divided into four phases, Phase 1 and 2 will begin this fall; Phase 3 in January of 1984 and Phase 4 in 1985.

'Super Sewer' Project to begin in the fall

The tentative approval of "Super Sewer" contracts by the Wayne County Commission set the stage for some 5,000 new construction jobs for work-starved county residents, Commission Chairman William G. Suzore said today.

"Construction can begin this fall," Duane R. Egeland, Acting Director of the Public Works Department, pointed out, "if the Commission agrees to sign the contracts this Thursday during their full board session. Application for the program together with mandatory contracts, specifications and plans must be in the hands of the Feds by May 1st or the program will blow up."

Commissioner Richard E. Manning (D-9th District), an early member of the Public Works Board, noted the project was killed because of lack of prompt action in 1972. "I sincerely hope," he added, "that — considering the dire need for jobs in this area — we act with utmost speed in getting this \$284 million project off the ground." Manning was one of the original architects of the "Super Sewer" proposal.

With the exception of three members, the Commission's Committee of the Whole has recommended signing of the final contracts this Thursday.

In addition to employing 5,000 workers for five years, the sixty-mile long project composed of 10-foot wide sewers and interceptors will also use materials from local companies thus providing more employment," Egeland said.

In related action Thursday, the County Commissioners plan to seek a court Declaratory Judgment to clear up discrepancies in the new County Charter.

"I've been suggesting this since I came into office," said Commissioner Joseph L. Jurkiewicz concerning the appointments of county boards and commissions. Manning, who made the initial motion, said it would help end the constant bickering over the Charter's provisions.

An original plan to ask for an opinion from the State Attorney General's office was quickly scuttled by Commissioner John C. Hertel who said it was doubtful whether that office would even consider such a request. With support from Vice Chairman Edward J.

Plawewski, the committee agreed to ask Legislative Research Analyst, George Cross, for a plan to put the question before the courts. "I would do everything to maintain the integrity of the Charter," Commissioner Samuel A. Turner agreed. "It is not up to us to define the Charter. We do need a court opinion."

Since both the County Executive and the County Commissioners have access to the County's Corporation Counsel, there was doubt whether the problem could be resolved if both parties were represented by the same counsel.

Area SS office may close

If you have questions about your Social Security or wish to discuss problems pertaining to your Social Security, the department has a representative stationed at the Flat Rock Municipal Building on the last Tuesday of each month.

Residents are urged to meet with the representative from 9 a.m. to 11 a.m. for the purpose of solving any problems. The representative will offer guidance to those who are receiving Social Security benefits or those who have applied for them.

Ted L. Anders, Mayor of Flat Rock, said he hoped area residents would utilize the sub-station so that the services would be retained.

"If the number of persons utilizing this service is not increased, it will be closed and the offices in Wyandotte and Monroe would be the closest facilities available for inquiry," noted Mayor Anders.

"At this time I have asked the Social Security Department Director for an extension of six months to see if there is an increased number of persons who will use the Flat Rock office," he added.

Seeking solutions to schools' problems

The financial problems of public schools was the main item of discussion at the annual luncheon for state legislators recently hosted by members of the Wayne County Association of School Administrators. The lawmakers could offer no solid promise of immediate assistance but said they were aware of the problems of

the schools. Among those who attended the conference are Dr. William Bedell (from left), Superintendent of the Romulus Community Schools; Dr. James Carli, Assistant Superintendent of Livonia's Public Schools, and state representative Jack Kirksey.

Tree seedling sale is set

A low-cost program for land-owners in Wayne County wishing to prevent soil erosion by planting trees will be available again this year.

The sale is sponsored by the Wayne County Soil Conservation District and the Wayne County Cooperative Extension Service.

The soil district encourages conservation planting for reforestation, windbreaks, and wildlife habitat improvements.

Featured in the sale are over 200,000 (2 years) rooted seedlings. The list of seedlings available this year, which must be purchased in lots of 50, include: Red, Scotch and Austrian Pine, White, Norway and Blue Spruce, Douglas Fir, Black Walnut, Hybrid Poplar, Autumn Olive and a Wildlife packet. The packet includes an assortment of 50 evergreens and shrubs.

Orders and payments must be made in advance. Pick-up of seed-

ings will be on Saturday, April 30, from 8:30 to 3:30 p.m. at the Wayne County Extension and Education Center at 5454 Venoy Road, Wayne, Michigan. One day only.

Order blanks and further information may be obtained by calling Evelyn Watts at the Wayne County Soil Conservation District Office, (313) 721-6550 extension 232.

our opinions

Haener deserves Huron's support

Huron Township, a small community of less than 10,000 residents inhabiting some 36 square miles, has a penchant for creating mayhem.

Two years ago the residents were up-in-arms over water bills and placed the blame for rate increases on longtime resident and township clerk, Mary Lou Carey. They were so angered that they made her the target of an unsuccessful recall.

Now there are again signs of upheaval. Police Chief Joseph Carney, who has served the township for more than a decade, has submitted (and the board has accepted) his resignation. The resignation is effective April 1.

It is no secret that Chief Carney and some of the residents are at odds over last summer's incident where the chief stopped an illegal gambling operation. The incident stemmed from a carnival that the people in Waltz put on.

The water and sewer problem has not dissipated either. Again the township is telling the residents that the community is \$110,000 in arrears to the county. Township officials refuse to pay the increased water & sewer rates charged them by Detroit because they believe that Detroit has unjustly raised the local rates.

And township officials point to neighboring community rates for examples of the injustice.

In the meantime, tension and nerves are stretching to their rupturing points. Township officials refuse to discuss the issues; some fear being misquoted. And, it's understandable — but problems don't dissolve unless solutions are debated and presented for criticism.

A.J. Haener, appointed to the board to replace former supervisor Richard Sullivan, who was elected last November to serve in the House of Representatives, has the dubious honor of leading this township out of chaos.

A veteran politician, Haener should be given the time and the cooperation to seek viable solutions to problems that he obviously has inherited.

Boosters are winners, too

"March Madness" is upon us. It is the time of the year when high school basketball teams, coaches, fans begin their second season — the win-or-be-eliminated playoffs.

And to the young athletes, we salute you and wish you all the luck in the world in your quest to win those precious state titles.

But we would also like to salute the booster clubs at these high schools. They are the clubs whose members have been put on the spot with the pressure of raising the funds for high school and junior high school competitive athletic programs. These are the clubs whose members raise the funds so that band members will be able to perform, to travel and to enjoy life.

It is no secret that schools are hurting. Many are near economic collapse and some will have to close their doors long before the state-directed 180-days are up. The agonizing conflict between schools and taxpayers will be noted by those who chronicle our times as one of historic importance.

If the school systems collapse, society as we know it will also collapse.

But that is another story.

The story of importance today is how these small groups of men and women have been able to raise thousands upon thousands of dollars so that kids in schools today can have some semblance of extracurricular activities.

So, cheerleaders, when you're out there rallying your teams to victory, how about one for the Booster Clubs — they're really winners.

Writer replies to reader's 'anti-intellectual' claim

EDITOR — This is in reply to Mr. Pete Silveri's letter of Feb. 23, which appeared in the Associated Newspapers' Romulus Roman edition.

Mr. Pete Silveri, I would like to address you on two of the issues that were discussed in your letter. You made the statement that a "certain segment of the Romulus Community" were among other things in an "anti-intellectual mood." That is a very interesting comment. It seems that you consider yourself and your colleagues in the intellectual class.

As a former public school teacher of 10 years, currently employed in a private school, I would argue the point of whether intellectualism is the only issue we need to be concerned with.

Being an intellectual, i.e., thinking from pure reason, is not a prerequisite to being a good teacher. The question is not how intellectual are Romulus teachers; but how effective are Romulus teachers. I am convinced that it is not what you know but how effectively that knowledge can be disseminated and applied in the classroom that is important.

The school system has provided the teachers with an excellent curriculum to follow. I believe the task of the teacher is to use the information therein to implement the curriculum and achieve the educational goals set forth.

After all, Mr. Silveri, we as parents are interested in the end product of our children's schooling. Effectiveness can be measured by how well our children are functionally prepared for their movement into society after high school. Intellectualism can not be measured by these standards. What good is theory if it cannot be applied practically? In this sense, Mr. Sil-

veri, I suppose you could call me anti-intellectual. What we need are teachers who inspire and foster the intellectual processes, not intellectual teachers who can't apply what they know.

Now let me address the other issue which you seem to have avoided entirely in your letter. Nobody has questioned the fact that the teachers involved in the camping program at Wick have the choice of being involved or not being involved in that program. The issue which you didn't address in your letter was the timing of this particular choice on the part of these teachers. A commitment had been made to the children. These children had already begun fundraising for the camp program. You accuse us in the community of being anti-intellectual; perhaps I should accuse you of being anti-feeling.

After all, the two are opposed to each other are they not?

The teachers at Wick involved in this camp cancellation surely did this on an intellectual level only. Apparently Mrs. Frank, Mr. Shamey, and Ms. Powers from Wick agree with you, Mr. Silveri, that the parents of Romulus are in an "anti-intellectual mood." They did not meet with the 6th grade parents at anytime prior to cancelling camp to explain their intellectual choice.

In closing, I hope that someday we, as parents, can close the gap between the lofty ideals of the teaching profession and the lowly expectations of the parents for their children's future.

Because I expect no repercussions from this letter in any way, I will sign my name.

Norris history recounted by 45-year resident

EDITOR — I read in the Westland Eagle an article about the Norris School.

I don't know the exact date the school was built, but I do know it was a 2 story building that taught kindergarten through eighth grade in the 20's and 30's. My brother-in-law and 5 sisters-in-law attended the school and passed from the 8th grade. They are in their late 50 years through 60 years. My own attended the school kindergarten through 3rd, then to Jefferson School, Norwayne in the middle 40's.

The new addition, which is all on one level was built sometime in the 50's. For more accurate date, a person could check with the board of education. When Norris School went to the 8th grade it was a consolidated school for Nankin Township.

I am a resident of what was Nankin Township and now city of Westland for 45 years. Please keep the records correct.

It doesn't make sense

Tom Mooradian
Managing Editor

Like a rainstorm swelling the river and raising the waters to flood stage, angry words poured from the man's lips.

"For months there you were publishing articles about where the needy can pick up food for free," he said. "You put in that — paper of yours the names of organizations and groups that were collecting for the unemployed."

"It's almost a crime isn't it — here we are asking people to bring in food to help the needy, but then or 'benevolent' government tells the farmers NOT to grow crops and they will be paid."

"Isn't that ironic — what's wrong with this country anyway?" the man asked.

Yes, dear reader, there is a maelstrom of discontent out there and, unfortunately, we don't have the answers. If we expand the man's argument and say that we invite foreign automakers to come into this country by lowering our tariffs and our manufacturers are greeted with unreasonably high tariffs when they export, then we can understand the dilemma we're in.

We offer millions of dollars in weapons to governments that suppress human rights and devise all kinds of ways to enslave their citizens, and yet we are reluctant to sponsor job training programs to lift our own people from the clutches of unemployment.

It just doesn't make sense, does it?

We watch as our senior citizens are forced to become prisoners in their own rooms, afraid to wander and stroll on streets because crime is rampant, and with the arrest of one criminal five others take his — or her — place.

There is an urgency for change and, ironically, we fear that change because it may bring the winds of even more depressing times. Is this the penalty we must pay because we were once a nation whose premier goal was the accumulation of wealth? Creatures of comfort and now we are painstakingly trying to find some sense to the puzzle.

Although the caller's verbal blasts sting my ears, we must continue to help those who need help and praise those who roll up their sleeves.

TO THE EDITOR:

I'd like to sing the praises of an organization that hasn't been mentioned in your Food-Hotline.

The Wayne-Westland FISH (722-3606) has been helping our communities for more than 8 years now! FISH is a volunteer organization based on the Christian symbol of a fish. In the Greek, each letter stands for Jesus Christ, God's Son, Savior. It is because of Him, that so many have banded together to help more than 9,100 people with food! Many more thousands have been helped with other problems, even if all we can do is refer them to other sources of help.

Two Wayne churches, The First Methodist, and St. Michael Lutheran have been in this program since its beginning. The First Congregational joined several years ago. These churches comprise the three FISH units. To avoid duplications, they may refer some people to the newly opened Rice Bowl or to Westland's "Operation Breadbasket".

Local groups, such as the Lions, Goodfellows, Scouts, other churches and schools, have all donated food or money and have helped immensely. In fact, so many people from our community have given their time and money unselfishly, that only the Lord knows them all.

Isn't it great to live in such a caring community?

One thankful
CITIZEN OF WAYNE

Winds of March

*The month of March has dawned at last
And Winter's near its end.
Soon the kites will brave the wind,
Their strings pulled tightly bend.*

*Children with their coats held tight
Resisting cold's receding bite,
It's time for deep snow's bitter chill
To melt from every window sill.*

*The season with its hard stone frost
With rays of warmth from sun be lost!*

*It seems so long since last we felt
The tender blowing breeze.
Spring will soon release the buds
That strain within the trees.*

*This pleasant change of weather
Sprinkles gladness everywhere.
Our troubles seem to melt away
Without a single care.*

*The days are growing longer
As March comes into play,
With all its singing merry winds
To blow the storm away.*

Some school programs must never be cut

EDITOR — In a time of budget-cutting and teacher "lay-off" this letter will probably seem inappropriately timed to some, but in truth, these are the very factors which are prompting it to be written.

For several years I have watched the Wayne-Westland Alternative Junior and Senior High Schools pass through evolutionary changes to become the finest alternative programs of its kind in Michigan. Here, students who have met failure, either academically or socially, have been able to rehabilitate themselves with the help of caring and dedicated staff members.

Since many of the students feel inadequate and helpless in their struggle to succeed, counselors work with teachers to create an atmosphere of positive regard and encouragement; it takes a very special kind of professional person to work with our students. Beside having expertise in teaching at various grade levels, they must truly understand and like these often troubled adolescents.

Whenever possible it is also necessary to work closely with

the student's family to improve relationships.

It appears that where proper teacher certification is necessary and appropriate in our regular schools, the most humanistic and well-adjusted teachers and support personnel should be requirements for the alternative programs. Without such people the intent of the programs and the progress of the students would be impeded, regardless of the teacher's grade-level certification.

'We can share' says 'thank you'

EDITOR — The "We Can Share" (because we care) committee, would like to give special thanks to the anonymous lady who stopped by Romulus City Hall and donated a huge bag of groceries to this project.

Although we don't know who you are, may you sleep warm knowing you've eased the suffering of someone's hunger pangs. Your generosity is much appreciated.

To each and everyone of you, who helped fill the boxes placed at City Hall, the Department of

Public Works and the police station, along with those who contributed so that perishable items could be bought, an enormous thank you, not only from this committee, but also from the empty stomachs you have helped to fill.

Now another month begins; the food boxes are empty, as are the stomachs of the ever increasing hungry. Let us re-double our efforts in this month of March, and "Can" share all the more, as the hunger spreads.

Threat of war is always there

EDITOR — A goodly number of people to whom I talk about the threat of nuclear annihilation that hangs over us all are convinced there is nothing they can do to take their own lives back into their hands.

They know for instance that if a one-megaton bomb hits the Monroe Atomic Energy plant, the radioactive fall-out would get millions in the greater Detroit area.

And, if there is a 20-megaton "shot" at Detroit, very few people even in Livonia, Plymouth,

Westland, Garden City... would be saved.

What can we people do when the government seems hell-bent on the destruction of us all by building deadlier and costlier armaments?

Instead of sitting quietly like lambs being prepared for the slaughter, we can raise our voices on behalf of ourselves, our children, and our children's children.

We can and must let our Senators and Representatives — on both the federal and the state levels know that we are angry and upset. We can write to the President and to our governor and "give them the word." We can and must write to our editors about how we feel, and, above all, we must voice our concerns to the people with whom we come in contact.

Our young people know that if the insanity of nuclear war is unleashed they will have no future. And we owe it to them because we allowed this madness to come into being to "Save the Future for them."

Involvement in the local nuclear weapons freeze campaign is a good start. There is a massive lobbying effort in Washington, D.C. on March 7-8 and supporting efforts in this area.

Those wanting to find out more about raising their voices against the madness are asked to

call the Nuclear Weapons Freeze Regional Coordinator at 455-2149 or the Detroit Area office at 577-5053.

Schools face fiscal disaster

EDITOR — May we use your newspaper to publicize the following letter addressed to Flossie B. Tonda, Secretary of the Plymouth-Canton Schools?

Dear Mrs. Tonda:
I was shocked when I recently received a copy of a Resolution adopted by the Plymouth-Canton Community Schools Board of Education by a six to one vote.

This Resolution was in opposition to Governor Blanchard's recommendations for resolving the state's fiscal crisis. A fiscal crisis which, by the way, has had and will continue to have, if not resolved, a devastating impact not only on the youth of the Plymouth-Canton Community Schools, but potentially on all youth attending public schools in the State of Michigan.

I was especially shocked because of the self-serving nature of the resolution. If there are certain members of Plymouth-Canton Board of Education who find it difficult to pay taxes to support education, then they should not only resign from their position, but should also move to another state which would have a tax climate more suitable to them.

I, for one, do not appreciate having such board members serving on a board which represents me.

The essence of their resolution does not deserve response since it does not address itself to the real issue we must face which is how can we address the fiscal problems confronting our state so that the education of our youth can be appropriately funded now and in the future.

A question for city attorney

EDITOR — I would like to direct this letter to Westland's City Attorney.

I understand the Parks and Recreation Department is branching out into the video-arcade business. Mayor Pickering has allowed the placement of video games in the city's Sports Arena (next to Edison Elementary School).

I just wonder when the Mayor is going to get around to following the "legal" procedure for placing video games. The City Pinball Game Ordinance requires all businessmen to get Council approval to set up an arcade, has the Mayor done this? I'm pretty sure he hasn't! And a businessman has to pay several hundred dollars for a license for each machine. I wonder when the Mayor plans to do this?

Then there is the question of who receives the profits? — the Mayor's office? Parks and Recreation? Or the guy who owns the machine? And who does own the machine?

Again, I hope you will rule quickly on the Mayor's right to be Director of Parks and Recreation and Mayor. The City can't handle much more of this.

More on zoning talks in Belleville

EDITOR — At the Belleville Council meeting of February 22, the Zoning Commission announced that their report of a public hearing given to the Council February 7 was an error. Such a hearing, in fact, had not been held. The Commission's report had stated that there had been a "no show" on a hearing to amend an ordinance which prohibits the use of living quarters in the business district.

My letter to the editor published two weeks ago echoed that error.

Such a public hearing is expected for a future date and the public will have the opportunity to speak on the issue.

The Belleville Police Depart-

ment is now promoting a neighborhood watch program. They will supply a police officer to help neighborhoods establish watch organizations in an effort to reduce crime.

This kind of program has been set up in many cities with excellent results. It would be no less effective in a business district — but you've got to have people living there first.

Is W-W going to close 3 schools?

EDITOR — Do the citizens of the Wayne-Westland School District know that school administration is suggesting the closing of three schools at the end of the school year — McKee, Tinkham and Washington?

It is your duty, as a taxpayer, to let your school board know your feelings in this matter.

If you can't attend the board meetings (and you should, they're rather exciting at times) please write, phone or visit your board members.

They are the only ones to vote on whether to close or not.

Social Security for Fed workers?

EDITOR — In a letter to their colleagues, three House leaders, including William D. Ford (D-Taylor), outlined their position on social security coverage for Federal workers and proposed changes in the Civil Service Retirement System.

Besides Ford, the letter was signed by Speaker Thomas P. O'Neill, Jr. and Dan Rostenkowski, chairman of the Committee on Ways and Means. Ford is chairman of the Committee on Post Office and Civil Service.

The letter follows:
Dear Colleague:

As you are aware, sweeping and permanent changes in the Civil Service Retirement and Social Security Systems have been proposed. If enacted into law, these changes would affect the character of the Federal workforce for decades to come.

We have carefully studied these proposals and believe the following position is in the best interest of the Federal government and those who serve it:

We support the recommendation of the National Commission on Social Security Reform to extend social security coverage to newly hired Federal employees.

We believe that new Federal employees who become covered under social security should be provided retirement benefits comparable to those under the Civil Service Retirement System.

We oppose the Administration proposals that would reduce civil service retirement benefits and increase employee contributions to the Civil Service Retirement Fund.

We oppose the Administration proposal to treat cost-of-living adjustments for Federal retirees differently from those of social security recipients.

We will oppose any proposal which would threaten or adversely affect the financial integrity of the Civil Service Retirement Fund, or the ability of that fund to continue to pay benefits promised to participants in the Civil Service Retirement System.

We are certain that you will agree with us that the Federal civil service is vitally important to the welfare and progress of our nation and that we must take special pains to ensure that whatever we do does not damage that system.

reflections

Reminiscing about past Easters

There is one thing about being a senior citizen, and that is that it is a time for remembering.

Sometimes when you aren't even thinking about remembering, it happens. Sometimes your kids think you have hardening of the arteries or something equally dire, when all you've got is remembrances, and you don't want to break into them, when someone asks you a dumb question like, "What's for dinner?"

What got me started on this was that I just happened to glance at the calendar and saw that Easter was going to be early this year. That means Lent is going to be early, too, and then I remembered how it used to be when all of my kids were deciding what to give up for Lent.

The dinner table was usually the place where this discussion took place, and sometimes it got a bit heated. That was because one kid invariably took the other kid's "giving-up" as his own personal contribution, and everyone knows that each person has to give up something different for Lent, especially in a big house full of kids, and dogs.

There we were one night with George (our dog) under the table in his favorite spot, just right to

put my feet on, and all the kids lined up on either side of their father and me.

"Mom," our littlest one said. "What are you going to give up for Lent?"

"Why don't you give up your ugly face?" one of her brothers asked.

"Shut up. Mom make him shut up," and she stuck out her tongue.

"You really do have an ugly face," he retorted.

"I don't care what you say," she yelled across the table at him. "Some boys think I'm cute."

"Ha, that will be the day," all of her brothers howled.

She threw her long hair back from her face and ignoring her brothers, she said to me, "I have a date tonight."

This tickled her brothers so much they rolled off their chairs in laughter, and George (our dog) joined them in the fracas, until the father of all these personalities shouted for them to get back in their seats, and then he told them he didn't want to hear another word from them.

This, of course, made their little sister feel pretty smug, but before she could push her point

any further, the doorbell rang.

She rushed to the door and ushered in her very best friend, whose long hair was bouncing in the exact way as our youngest daughters.

"They don't believe we have a date tonight," my littlest one said, shooting dirty looks at her brothers.

"Well, we do," said her best friend, and both little girls threw their long hair back and tore off upstairs.

A couple of minutes later they were both back down wafting Tabu, and smiling with bright red lips. They sat in the chairs before the windows in the den and watched the cars go by.

"Who's driving?" the middle-sized son asked. "Your date's dad?"

And he swung himself from the top of the door, letting his long legs swing inward, touching the chair his littlest sister was sitting on.

"Mom..." she shrieked. "No, we aren't going in a car," she answered. "Dummy."

"I'm dumb am I," he teased. "Well how do you like this?" and he picked up her chair with her in it and carried it into the living room.

JOYCE HAGELTHORN

"He's coming. He's coming," Shrieked her friend.

"Are you both going out with ONE guy?" her youngest brother asked incredulously.

Both little girls ran to the door. But it was only the paper boy.

The girls pressed their noses against the glass. Their fourteen years sitting heavily on their shoulders. No one came. The telephone only rang once, and that was to tell my daughter's best friend that it was time for her to go home.

At last her vigil ended. The look on my little girl's face was one that even stopped her brother's from their usual hilarity. She let out a long sigh, pushed her hair back from her face, and said, "I'm going to bed," and she wafted listlessly towards the hall. After taking two steps up the stairs, she suddenly turned and shouted,

"I know what I'm giving up for Lent...BOYS!"

MONA GRIGG

"Pro-Sister" groups?

Why aren't they out there protesting Archbishop Szoka's "decision?" Why should Sister Mansour be forced to choose between the commitment she made to the poor when she took her vows and the church for which the commitment was made?

There is a sad, cruel, unnecessary conflict here.

But beyond that, times have never been riper for the likes of Sister Mansour. We need her proven caring and concern. We need her fine administrative talents. And we need her feistiness...now, more than ever.

And if she is forced out over an issue that was neither of her making nor over which she has any direct control, then it will be our loss...and the Catholic Church's shame.

have prayed for the souls of the condemned.

If I read it right, Sister Agnes Mary Mansour, in taking her calling to the highest degree by heading the Department of Social Services, administering to the entire state's poor and needy (without making value judgments about certain of the department's policies), is doing nothing more than following to the ultimate letter the traditions of her faith.

So what else is going on here? Does Archbishop Szoka really believe that Sister Mansour is making the wrong move?

Is the citing of "forbidden politics" even relevant when you're talking about caring for the poor?

Or is the Archbishop getting such wrenching pressure from right-to-life zealots that he can't see beyond the abortion issue to the consummate rightness of this particular Sister of Mercy overseeing the needs of the state's poor?

Where is the pressure from the

she opposes abortion, she would support the department's obligation to oversee state-funded abortions for poor women.

Archbishop Szoka, head of the Roman Catholic Archdiocese of Detroit, and Sister Mansour's "boss," in demanding her immediate repudiation or resignation, said, "If you are opposed to abortion, how can you not be opposed to the funding of abortion?"

It is too-simplistic a question regarding too-complex a problem, as even Archbishop Szoka must have known when he asked it. It is like asking, "If you are opposed to the taking of human lives, how can you not be opposed to the funding of M-X missiles?"

In every war, on every battlefield, Catholic chaplains have administered to the needs of the men in the military without making value judgments. None of them refused to give spiritual aid to the men with another person's blood on their hands.

In every prison, on every "Death Row," Catholic priests

The poor...or the church?

When Governor Blanchard appointed Sister Agnes Mary Mansour as head of the Department of Social Services, the choice, on the face of it, seemed logical, if not inspired.

Here was a person — a woman — who had given long thought, who had taken a vow, who had committed her life to administering to the poor and the needy.

The Department of Social Services, lest anyone forget, was set up in the State of Michigan to administer to the poor and the needy.

The Department of Social Services administers to the poor and needy by providing services such as food stamps, general assistance, work programs, home visits, assistance for the elderly — and Medicare and Medicaid.

Through the Medicare and Medicaid programs poor women can be provided with information about and assistance in aborting a fetus.

Sister Mansour, when she accepted the job, said that, while

CORY PTO

The Cory PTO has set a general membership meeting for Wed., March 16 at 7:30. The topics for discussion include the Spaghetti Dinner on March 4, the Book Fair during the week of March 21, school sweatshirts, School Fair — Space Heroes, and End-of-the Year program.

The third grade class taught by Mildred Washington has recently studied how plants and animals are used to produce fibers for making cloth. The unit is being completed by learning how to weave yarn to make a piece of cloth on a hand-made loom.

CORY BOOK FAIR

Cory School will have its annual Book Fair beginning Mon., March 21 to Fri., March 25.

The soft-cover books are selections chosen to cover a wide range of interests, reading levels and prices.

Pre-school through sixth grade students will be able to purchase books during the school day. Parents wishing to bring in their children who are not yet in school may come in to shop from 10 to 2:30 p.m.

Any questions about the Book Fair should be directed to Janice Coulson, Chairman at 941-6101.

Writing and putting together a newspaper is hard work according to the children in Wilma Murphy's second grade class at Cory. Their combined efforts, assisted by Sue Pociask, parent, produced the first edition in February of "The Murphy Class Paper."

The newspaper includes news by Emily Kesner and Nikki Paige Tilleson, Editorial by Linda Edwards, an interview by Jon Davis, a poem by Joseph Kusibab, and a cartoon story by William Lauwers.

Students are now eager to begin planning their next edition.

SPAGHETTI DINNER

Spaghetti lovers take notice: On Fri., March 4, Cory Elementary School is the location for good food and fellowship at a price that is hard to beat. The entire family can dine on a spaghetti dinner for only \$10 (with a presale ticket) from 4 to 8 p.m. (Individual rates, too).

Also available is a salad bar, individual salads, and desserts. Beverages are included with the price of the meal.

The all-you-can eat spaghetti or salad meal can be topped by a delicious dessert provided by the Romulus Children's House through their Bake Sale.

If there are any questions call Carolynne Garner, 595-7166 or Carol Harrieff, 721-4757.

THE GAME OF ROMULUS

By Lorraine Wilkerson, President
hale Creek Parent-Teacher Guild
Is your "Monopoly" game sitting on the shelf gathering dust because your kids are bored with it? You can sell it in your next garage sale, because the Hale Creek Parent-Teacher Guild (P.T.G.) has a game that the kids will love and can associate with, with pride. Romulus will soon have its very own table game, City of Romulus Wheeler-Dealer Game.

On the game board will be actual Romulus businesses that players of the game will "buy" and "sell" as in the game, Monopoly.

The Hale Creek P.T.G. is marketing the game as a fundraising project for computers for the children at Hale Creek Elementary School. Mike Kuzma, whose business is located in Romulus, invented the game.

Money is raised to cover printing costs by selling spaces on the board to local businesses. The cost of the spaces are fully tax-deductible, and a great way to advertise a local business. It would be fun to see neighborhood merchants and local industries on the City's game board. Businessmen would help make the P.T.G. fund-raising effort successful by purchasing a game board space which is a valuable, personalized way of advertising to

residents who will be reminded of the business and its generous community support each time the game is played for years to come.

Also on the game board will be "Noble Subjects of the Realm." For a small donation, anyone can have his name included on the game board. Once the games are produced the P.T.G. will be selling them for just \$9.95. Think what a delightfully unusual and appreciated gift this would make for family and friends, an exciting unique table game with the player's name right on the game board.

Anyone wishing to buy a space can contact the game's chairman, Lorraine Wilkerson at Hale Creek Elementary School at 942-0140.

Join in and have some fun! Help the Hale Creek P.T.G. make the "Game of Romulus" successful and put some computers in school for the children.

MERRIMAN

The Merriman Parent-Teacher Association will meet at 7 p.m. Thurs., March 17. Plans include a spaghetti dinner for Thursday, March 24. The February program, "Kids On Our Block" was very well received by its audience. The students had an opportunity to look at the difficulty of coping with a handicap from the viewpoint of a person who is physically disabled. The program generates compassion and understanding for the problems of the handicapped.

On Friday, February 11, fifth and sixth graders attended a Valentine's Day dance sponsored by the Merriman Parent-Teacher Association.

The boys and girls enjoyed learning to do the Hokey-Pokey. They may however, be the only group in town who requires more than fifteen minutes to go through the routine.

The highlight of the dance was the Conga, which had everyone kicking in rhythm.

Special Program for Academic and Creative Enrichment

Space is a place where children come to learn about the computer and many other exciting projects. The children that come to Space attend one day out of the week, away from their regular school. The children in the program are doing their own projects this month on the topic, "Faces".

Students will be going to the Detroit Youth Theatre to see a stage play entitled VIDEOSYNCRASIES. This is a modern parable which unfolds through a musical journey around videoland.

Space is really interesting and fun. This program is really enjoyed by the children and we hope that all 64 children will be in space next year, if they have it again. We sure hope so! We hope that some other children will have an opportunity to be in Space.

Merriman School for the third year, has an enrichment center for academically talented students.

The center offers challenging opportunities for independent and self-directed projects and studies in Math, Creative Writing, Science and Problem Solving.

The students involved this year are: Lori Kuehnell, Rene Roehrich, Tomika Crawford, Gabrielle Scott, Duane Bosley, Lisa Roy, Jim Hudson, Amy Grube, Chris Tetreault, Joey Fabrizio, Laurie Ray, Jeanette Mullins, John Roberts, Typhanie Stepchuk, Tony DePiombo, Rachael Swieton, Mark Pyenta, Chris Vavro, Bonnie Boyd.

Mrs. Herman's 5th & 6th grade science classes are going to visit Oakwoods Nature Center. Each class will spend an entire day at the center. The topic for the day is "Winter Adventure." The day will include both inside and outside activities. Normally, plans would be to see the winter homes of the resident

animals. Due to weather changes, the students will probably see more signs of spring than of winter.

The March meeting of the Wick P.T.A. is 7 p.m. on Tuesday, March 15. The P.T.A. is planning to hold a craft sale and flea market. Tables will be available for rent at the April event. For information, contact Pam Hixon or other P.T.A. members.

A grand total of more than twelve thousand labels were collected.

SIXTH GRADE PROJECT

By Sharon Alexander
Sixth Grade Student
Wick Elementary School

Chris Powers' sixth grade class at Wick Elementary School did pro-

jects on early American homes and apple head dolls to go with the homes.

They were Eskimo houses, early Indian villages, early Pueblo homes, Mayan homes, an Aztec home and more. This was a Social Studies project for the students studying early American culture. The project chosen by a lot of the people was an Eskimo house. It was made from sugar cubes or cotton; but sugar cubes took longer.

Then there was an Indian village made out of paper. There was an Aztec home made of straw, rocks and many other things. The projects took about two or three weeks. After the houses were finished, they were graded. Some got good grades like A over A. If you wanted A over A, you had to have good creativity and you had to be accurate according to the types of homes each culture made. After the houses were done the students learned how to make an outline, bibliography, take notes and do a report on the culture they studied for their projects.

Cleopatra covered hers with gold. Ancient Chinese emperors wore jewel-encrusted shields to protect theirs... and many a Hollywood starlet has wept bitterly over the loss of one of hers.

Nails, those clever devices of nature growing at the ends of fingers and toes are no longer merely utilitarian, they have become items of great cosmetic interest and are now viewed by

Lynn Saliba at work

the fashionable as the final accessory to every costume.

But what of the poor nail biter?... or the hard working housewife who constantly subjects her fingers and hands to the rigors of hard work, hot water, cleansers, zippers, car doors, pots and pans, oven cleaner and (YIPES) dishwasher? She too can now have beautiful nails, and enjoy every minute of the time it may take her to achieve the look of pampered elegance now considered necessary for any well-dressed female.

Proper and professional nail care is no longer a luxury, it's considered by most professional women to be an absolute necessity. They would no sooner forego the weekly manicure than neglect their hair or clothes. Nails are now an integral part of good grooming and proper, professional care is noticed and appreciated by just about everyone.

According to Lynn Saliba, 29, the manicure that was a luxury five years ago when she began her career as a professional manicurist

has now become mandatory to most women.

"Hands are always seen. Women talk with their hands, gesture, and the hand is always noticed by everyone. Hands are constantly exposed and people are very conscious these days of how they look," Saliba said.

Saliba has recently moved her hand-care expertise to Sadie's in Wayne, a well-known local hair care establishment, and the demand for her services is growing daily. "My clients all come back faithfully, like going to the doctor. They all want their hands to look good," Saliba explained.

A good manicure, most stylists agreed, consists of a helpful, courteous manicurist who first gently files the nails into shape and softens the client's cuticle with either an oil or soap and peroxide solution. Cuticle is gently removed from the nail bed and cuticles pushed back against the finger with an orange stick. All hangnails are carefully and meticulously trimmed and the cuticles massaged with a special oil. The entire hand should be massaged with a moisturizer by the manicurist sometime during the manicure and the free edge of the nail thoroughly cleaned.

When the nails are perfectly shaped with a file, scrubbed and dried, a coat of base polish is applied. Then a minimum of two coats of polish, even if it is a natural or clear and a top coat to seal the procedure.

Costs for a professional manicure vary from shop to shop and with different stylists but Saliba now does all this for \$6.

At Unique Nails and Boutique in Dearborn, the basic manicure price is only \$5, but there are additional costs for the use of an oil manicure, or other specialty nail services.

Those specialty services are becoming more popular than the normal nail care, explained Unique Nails owner Lynn Stan. "We are far behind the west coast in the popularity of nails and particularly acrylic nails. In California you see more nail shops than hair salons. Virtually every woman out there has acrylic nails or some type of specialty manicure," she noted.

Stan explained that she is confident the recent popularity increase of nail care will continue as the specialty type treatments are now affordable and well within the economic reach of most women.

"Any woman, no matter what the condition of her natural nails can have beautiful, normal looking nails," Stan explained. "There is a solution to everything. I've fixed nails with only a quarter inch on the natural nail bed, I've fixed them after they've been smashed in car doors — there is always something you can do for them."

That includes a wide range of specialty treatments including the application of acrylic or sculptured nails which is a treatment that

builds up the nail bed and extends out over the finger creating a free edge of any length the client desires. The acrylic grows out with the nail from the cuticle area and that section must be filled in about every two weeks to continue a natural look. They are manicured in the usual fashion.

Nail tips are plastic sections applied just to the ends of the natural nail and glued onto the nail covering the nail bed. They are manicured and polished as natural nails and require no fill in after initial application.

Nail wrapping involves the coating and wrapping of the free edge of the nail with a paper or linen to strengthen the natural nail allowing it to grow without breakage. This too is manicured in the regular fashion.

There are also liquid wraps which are merely a strengthening polish-type material imbued with fibers to reinforce the natural nail. Once again, prices for the services vary from shop to shop.

Saliba agrees that with the options available today, she can repair just about any nails and produce fashionable looking results. Saliba also provides specialty painting of the nails including flowers, letters and other personalized items at \$3 per nail. She is also adept at the french manicure technique where the free edge of the nail is painted white while the base is either natural or lightly tinted.

"This used to be a luxury," Saliba said, "but it just isn't anymore — now it's a very inexpensive necessity."

Stan agreed, noting that her clientele is also

expanding rapidly. "Women see the actresses in movies who all have lovely hands and we're exposed to the way hands look on television and the importance that is placed on manicures in the West is rapidly taking hold.

"We all want to look good," she concluded.

Psssst, pass me the emery board, please.

Touch of Old West... Chuck wagon meal at home

Gone are the days of open range roundups, long cattle drives, and mealtime around the chuck wagon. Known as the central part of a camp on the move, the chuck wagon was not complete without a Dutch oven for preparing a long-simmered pot roast and biscuits.

Chuck Wagon Pot Roast combines the taste of the "Old West" with the easy preparation and cooking techniques of today. Prepared in an oven cooking bag, this chuck roast has a unique blend of Western flavors. Dried red peppers, garlic, nutmeg, cumin, salt, sugar, pepper and soy sauce produce an interesting taste sensation. Ensuring a tender end result, the oven cooking bag cooks a complete meal, including vegetables, with no messy cleanup. The gravy thickens in the bag, so last-minute preparation is eliminated. For an even quicker version this recipe can be prepared in a microwave oven. The oven cooking bag eliminates the need for a cover.

Add some zip, and a touch of the "Old West," to your menu with this easy pot roast meal.

CHUCK WAGON POT ROAST

½ cup flour
1 can (16 oz.) whole tomatoes, cut up
1 cup (8 oz.) beer
1 teaspoon instant beef bouillon
2 to 3 dried whole red peppers (Chiles Rojos Enteros) 1 to 1½ inches long, (optional)
½ teaspoon garlic powder

½ teaspoon ground nutmeg
½ teaspoon ground cumin
2 teaspoons sugar
1 teaspoon salt
1 teaspoon freshly ground pepper
2 tablespoons soy sauce
3 to 3½ pound beef chuck pot roast, boneless
4 potatoes, cut in quarters
1 large onion, cut in eighths
Preheat oven to 325 degrees. Shake flour in large size (14-inch x 20-inch) Reynolds Oven Cooking Bag. Place in 13-by 9-by 2-inch baking dish. Add tomatoes, beer and bouillon. Mix well in bag to dissolve flour. Under cold running water, remove stems and seeds from the peppers. Finely chop the peppers; place in small bowl. Combine peppers with spices, sugar, salt, pepper and soy sauce. Pour into bag. Trim roast. Place roast and vegetables in bag; turn bag gently several times to coat beef and vegetables. Close bag with nylon tie; make 6 half-inch slits in top. Cook 2 to 2½ hours or until tender. To serve, spoon gravy from bag over pot roast. Makes: 6 servings.

Microwave Oven:

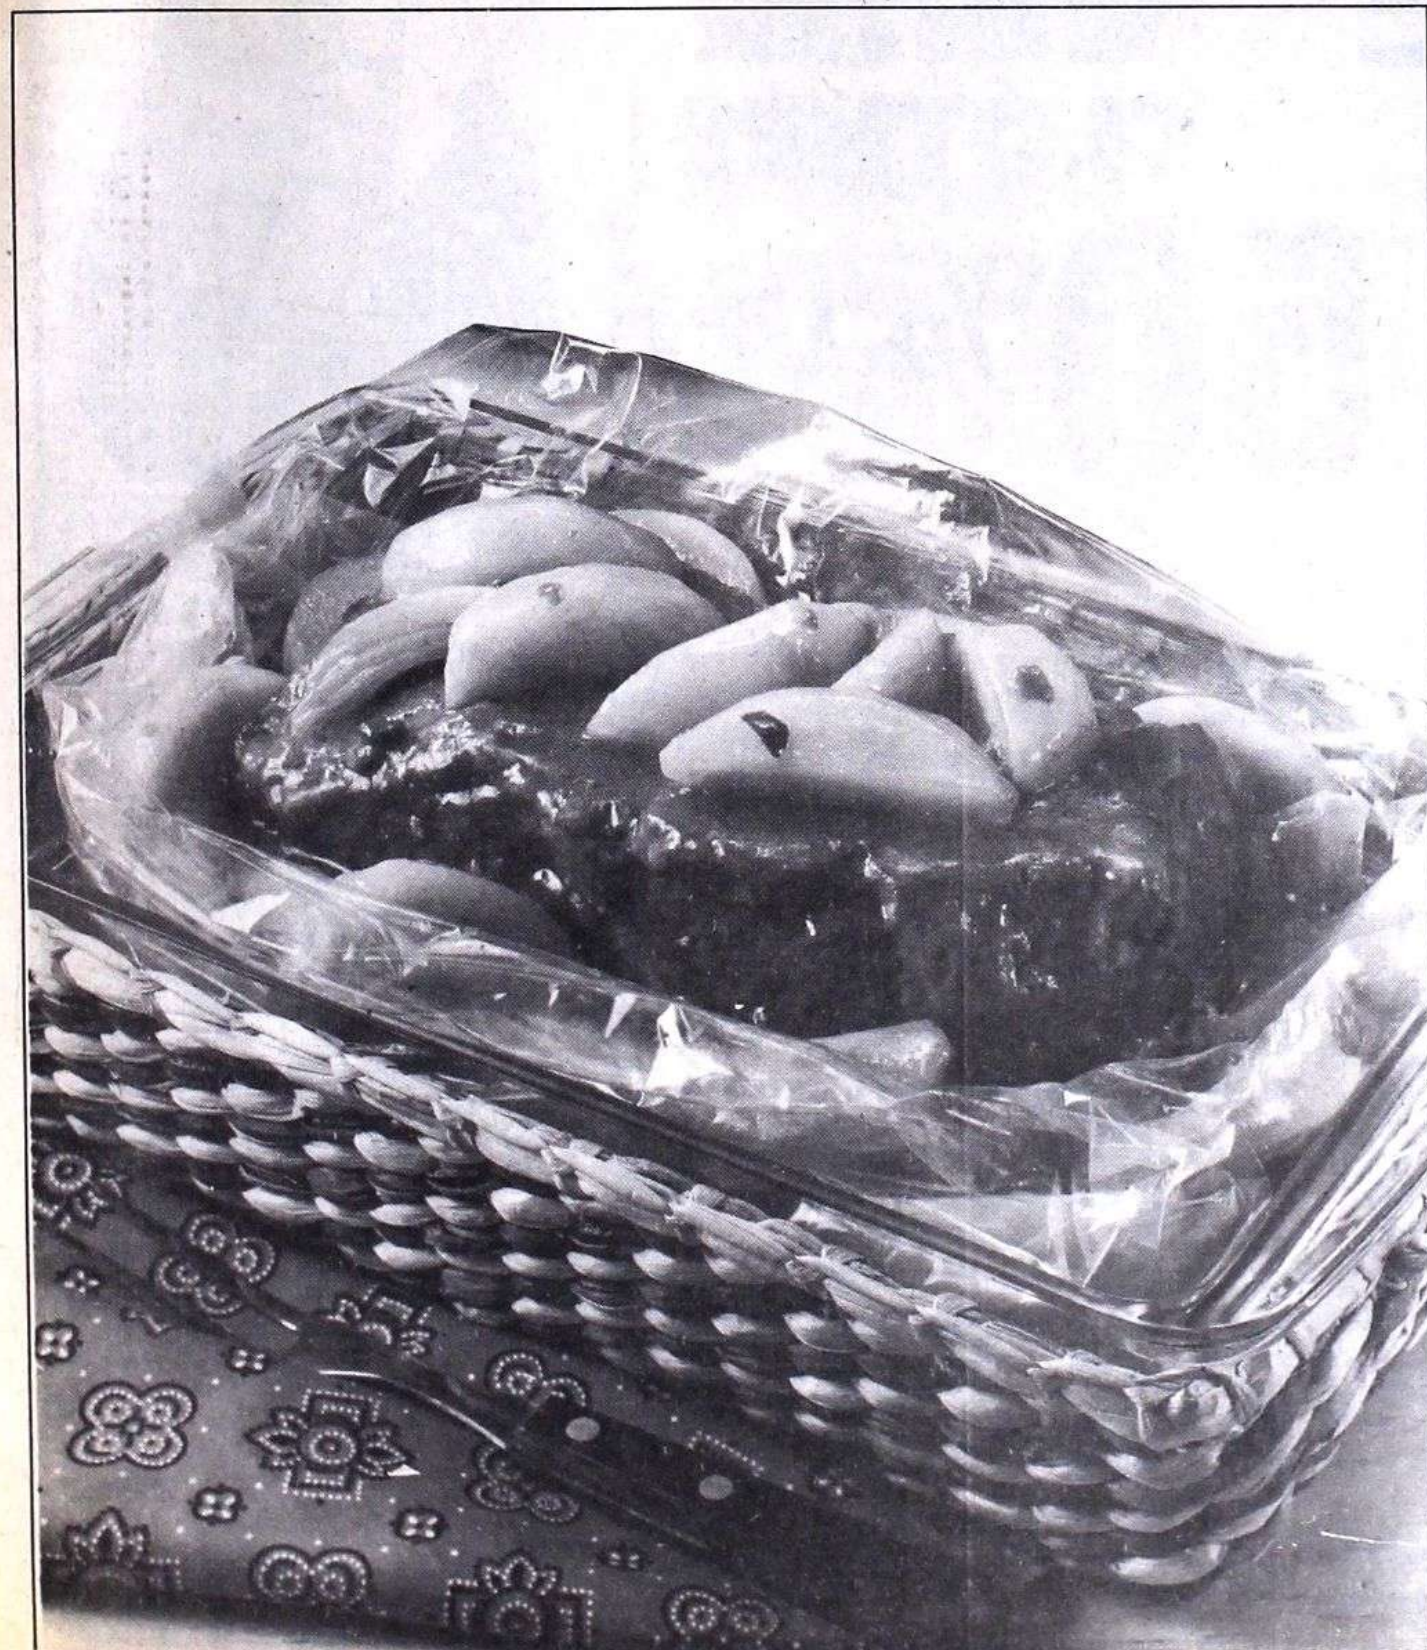

Following directions above except drain tomatoes. Make 6 half-inch slits in neck of bag right below tie. Micro-cook on medium (50%) power setting 1¼ to 1½ hours, turning bag with roast and vegetables over at middle of cooking time. Turn dish several times. Let stand 10 minutes before serving.

Cathy Horste guest speaker at GFWC Clawson Women's Club

Cathy L. Horste, a member of the GFWC Belleville Junior Study Club who serves as the GFWC-Michigan Crime Reduction Chairman, was the recent guest speaker at the meeting of the GFWC Clawson Women's Club. Mrs. Horste, who addressed approximately 50

members of the group, gave tips on home protection, rape prevention, and fraud prevention.

Nancy Sawyer, President of the GFWC Belleville Junior Study Club, accompanied Mrs. Horste to the luncheon meeting.

Mr. and Mrs. Gary Peterson and their six-month-old daughter, Jennifer, from Lockport, Ill., have returned home after having spent a week with Mrs. Peterson's parents, Mr. and Mrs. George C. Wilson of East Huron River Drive.

Sunday guests at the Henry Deering home on West Columbia Avenue were relatives, Mrs. Deering's nephew and wife, Mr. and Mrs. Lloyd Chamberlin from Hamburg, their daughter, Sandra, and her husband, Craig Gow, from Pleasant Lake.

Lynn Saunders, son Jeffrey and a friend, Kathy Larsen, from Mount Clemens, spent Sunday with Lynn's mother, Mrs. Clayton Saunders of Liberty Street.

Luncheon guests last Wednesday of Mrs. Rhea Sobolewski and her friend, Helen Wilson, were longtime friends of the former, Darryl H. Raymond Sr. and Mrs. Henry Deering. The two native-born Bellevillites and oldest residents, Rhea and Darryl, both in their 90s, spent a happy hour talking over "Old Times." Later Mrs. Frances Kirchner stopped by for a cup of coffee.

Mr. and Mrs. Russell Wilson were guests last week of their son, Dennis, his wife and family at Caro.

Mrs. Blanche Atyeo joined members of her family, Mr. and Mrs. Ted Lent-Koop of Dearborn, and Mrs. Joyce Nichols of Allen Park, Sunday, Feb. 20, for dinner at the Gandy Dancer in Ann Arbor, in celebration of Mrs. Nichols' birthday.

'Li'l Abner' coming to Huron schools

"Li'l Abner" is coming to Huron. The Extracurricular Activity Fund-raising organization of the Huron Schools stressed that the Wyandotte Community Theatre Board of Governors has consented to bring its musical production of "Li'l Abner" to the Huron High School Auditorium for a weekend of benefit performances on April 8, 9 and 10.

Wyandotte Community Theatre, founded in 1953, was organized for promoting the performing arts in the community.

One of the goals of the fund-raising organization is to restore the music and drama programs in the Huron Schools. "The community will be excellently served with the joining of this common purpose and for that we are extremely

day, which was Feb. 22.

Another birthday celebration was held on Tuesday, Feb. 22, when Juanita Akers of Liberty Street was a guest of her family, Don and Mabel Berry and son, Paul, Lawrence and Irene Warner of Westland, for dinner at "Ten Yen" on Wayne Road. Later all returned to the Warner home for special birthday cake. On Wednesday Juanity was a luncheon guest of friends, Muriel Smith of Romulus and Jewel Maslin of Ann Arbor. The ladies spent the afternoon with a friendly card game.

Mr. and Mrs. Charles McKelvey were dinner guests of Kindness Chapter No. 523, O.E.S., held at Loda Valley Masonic Temple in Redford on Monday evening, Feb. 21. Initiation followed the dinner.

In celebration of her Feb. 19th birthday Mrs. Helen Ostrowski of Hull Road entertained at an evening of cards with her sister-in-law, Mrs. Helen Jaszcz of Lauren Court and her niece, Mrs. Frances Korgal of Sumpter Road.

On Monday afternoon, Feb. 21, at 4 p.m. the first meeting of the Belleville Pledge Group was held at the Masonic Temple. Seven girls, between the ages of 8 and 11, who promised to join the Order of Rainbow for girls at age 12, were initiated and later installed into office as follows:

- Pledge Sister — Stacy Compton;
- Associate Pledge Sister — Heidi Orr;
- Sister of Kindness — Gale Glover;
- Sister of Happiness — Carrol Smith;

Sister of Confidence — Stephanie Gubaci;

Pledge Chaplain — Tara Similo;

Pledge Drill Leader — Julie Compton;

Pledge Mother — Denise Welt;

All received Pledge Pins made by a former resident, Virginia Shook Zook of Utica. Meetings will be held at the Temple on the first and third Mondays at 4:30 p.m.

Members of the Grand Cross of Color Rainbow for girls who took part in the ceremonies were Ruby Clayton, Frances Cathern, Lori Williams, Roberta Welt, Sue Featheringill, Roberta Pond, Connie Gubaci, Lola White, Tammy Frances and Rose and Denise Welt.

Grand Worthy Advisor, Martha Pepok, from Redford was a special guest. A bountiful "Pot Luck" dinner was served at the close of the meeting.

Enjoying lunch together on Thursday of last week were members of the Friendship Bible Coffees, who have been meeting at the home of Laverna Arnett.

Q. We laid the wood for a fire a couple of weeks ago but somehow never got around to lighting it. Now I'm beginning to notice some strange-looking insects in the vicinity of the fireplace. They're long, hard-backed, brightly colored insects about 1/2 inch long with feelers almost as long as their bodies. Did they come out of the wood? Will they do any damage in the house?

A. Your visitors sound like long-horned beetles. These wood-boring insects generally spend the winter inside logs as worm-like larvae, emerging as adult beetles in the spring. Bringing logs into the warm house may move their springtime up a few weeks or months so they emerge in the house. Though they can be a nuisance if there are very many of them, long-horned beetles will not attack the wood in your home or furnishings.

Q. How can I make sure I choose healthy tulip bulbs that will flower for me next spring?

A. Though price isn't a surefire indicator of quality, you often get about what you pay for with bulbs. Bargain bulbs may be undersized, moldy or decayed. If you can look over the bulbs. Avoid any that seem unusually lightweight for their size and those

with soft, mushy spots or white mold on them.

New York Deli sandwiches are popular choice

By DENNIS NIEMIEC
Feature Editor

The New York Deli has added new meaning to "sandwich."

One look at a combination of meats, cheeses, cole slaw and dressing piled high on rye bread or roll is enough to prove a point. Simply put, a sandwich is a meal here.

Diners can choose from 185 types of sandwiches featuring such meats as corned beef, pastrami, beef, Polish ham, turkey breast, hard or kosher salami, liverwurst and knockwurst. All are served on rye bread with a 25-cent charge levied for an onion, Kaiser or French roll.

Prices for Deli sandwiches range from \$2.70 to \$3.95 for the four-inch high club sandwich selections.

"Basically you can create your own kind of sandwich," explained owner Ted Richardson, who opened the New York Deli last November at the corner of Wayne and Plymouth Roads in Livonia. "Nobody else in the area has a true deli where they cook the meat on the premises and serve it hot."

"We use Vienna products, the most expensive you can buy in the city," he added.

Although named for the state that has made such sandwiches popular, New York Deli also caters to a growing breakfast and dinner crowd.

All-you-can-eat specials, priced at \$3.50, are offered from 4 p.m. to 10 p.m. according to the following schedule: liver and onions and fried chicken, Monday; clams and beef patty, Tuesday; fish and chips and

spaghetti, Wednesday; wet burrito and liver and onions, Thursday; fish and chips and clams, Friday; fried chicken and spaghetti, Saturday, and wet burrito and fried chicken, Sunday. Dinners include potato, salad and roll.

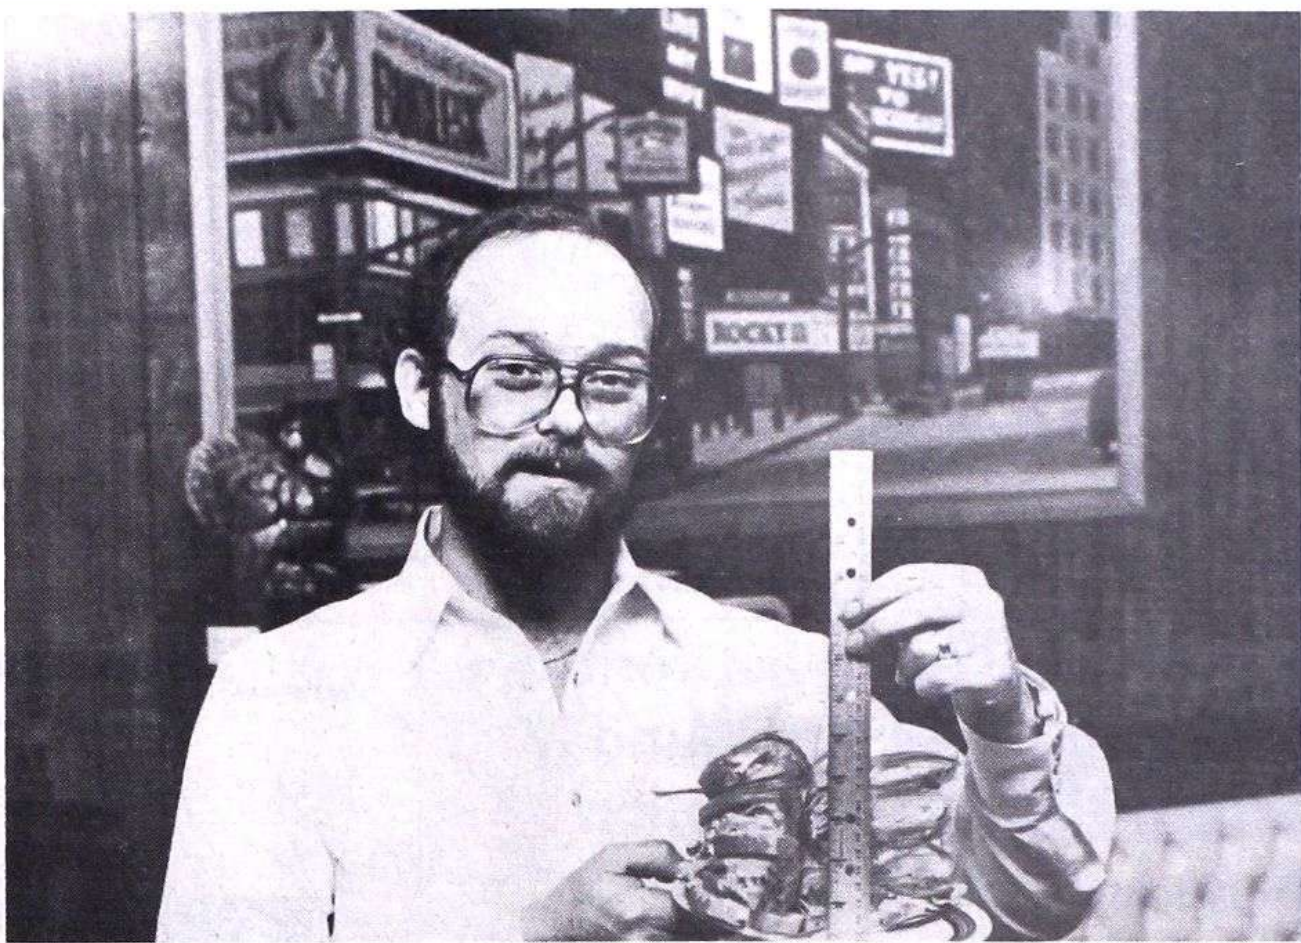

The regular dinner menu ranges from the veal or chicken cutlet and the knockwurst and sauerkraut (each \$3.75) to the shrimp (\$4.95), veal parmesan (\$4.25) and the Broadway, a choice steak (\$5.25). A children's menu also is available.

Breakfast specials, served at any time, are varied as well, with the offerings including one egg, bacon and pancakes (\$1.69), three eggs and toast, (99 cents), scrambled eggs and ham (\$1.99), four butter-milk pancakes (\$1.95) and others. Diners can also create any one of some 5,000 combinations of omelettes made with three eggs.

A salad bar complements the meals and Haagen Dazs ice cream is served for dessert. For the calorie watchers, the "Think Slim 5th Avenue Special" provides turkey, beef, tuna, sirloin and sardine based dishes.

"We have two other specials now in progress," Richardson noted. "There's a free cup of homemade soup with any sandwich and we're giving one free omelette with the purchase of any omelette."

New York Deli, 34899 Plymouth Road, remains open every day from 6 a.m. until 11 p.m. Party trays serving five or more persons are available at a price of \$4.50 per person (contact Richardson at 261-8130 for further information).

Seeing is believing

Ted Richardson, owner of the New York Deli, is proud to claim that sandwiches from his restaurant are a meal in themselves. Here he measures the Deli's club sandwich, one of some 185 different sandwich varieties available. The result: a whopping five inches high, complete with various meats and cheeses.

Concert set at St. Mary's

Rackham Symphony Choir, Detroit's oldest metropolitan community chorus, will present its first concert of 1983 at 3 p.m., Sunday, March 6, at St. Mary's Church in Wayne.

The 100-voice chorus will perform a variety of sacred songs and spirituals, including works by Bruckner, York, and Martin, and selections from the Easter portion of Handel's great oratorio "Messiah."

The Rackham Symphony Choir and soloists will perform under the direction of John A. Smith. The accompanist is Stanley Waldon.

Admission is by free will offering.

Grandma's Antiques to expand in Wayne

Expansion of Grandma's Antiques, located at 32220 Michigan Avenue in Wayne, is scheduled for completion within one month.

Owners John and Brenda Verhines last week announced plans

to construct a 650-foot addition for storage and for use as a work area for refinishing furniture. Founded more than 20 years ago by Bill Verhines, Grandma's Antiques specializes in antique furniture.

The Wayne City Council and City Planning Commission recently approved the expansion project and ordered the paving of the parking lot, which is slated for the spring.

The two-story establishment is located between Venoy and Merriman.

Kids Fun Factory has trampoline act

Kids Fun Factory, Westland Centers monthly Children's program is featuring a comedy trampoline act called Dinkle Comedy, on Saturday, March 5. Shows will be at 12, 4 and 7 p.m. in the Central Court. George Huntzicker will perform as Danny Dinkle, a hilarious klutz on the trampoline. His act blends comedy with just the right touch of World Class Competition entertainment. Huntzicker is the only person to win five out of eight state titles and one Michigan State Gymnastic Championship. He is a two-time

NCAA Trampoline Champion and is a member of the NCAA Championship Team for Trampoline. "Dinkle Comedy" also will feature the talents of Newt Loken, who gained his expertise while traveling with his father's trampoline act. He is now a respected competitor and performer. The Westland Center Merchants Association presents Kids Fun Factory on the first Saturday of each month as a way for families to have fun and see new and exciting entertainment for free.

Westworld has Sunday promotion

The new management at Westworld family recreation center, formerly Hawthorne Valley, has launched a Sunday Brunch to run from 10 a.m. to 2:30 p.m. each Sunday. Held in the main banquet room of Westworld, Merriman Road just north of West Warren Road in Westland, the first brunch drew more than 200 people.

Westworld's new general manager, George Stone, formerly of the London Chop House and Kingsley Inn, created the brunch buffet, priced at \$5.95 for adults, \$3.95 for children 12 and under, and special prices for toddlers.

"We have a beautiful country club setting and banquet rooms with sunny porches, just perfect for Sunday brunches," said Stone. Entrees included sweet and sour beef, barbecued ribs, stuffed cabbage, sauteed chicken livers, spinach & cheese pie, mousaka, fried chicken, mostaccioli, Swedish meat balls, scrambled eggs, hash browns, ham, bacon and sausage. Further information may be obtained by phoning Westworld at 422-3440.

Grammy Awards devoid of meaning

NOTES ON THE GRAMMIES...

The Grammy Awards are the dumbest thing this side of a two-hour Presidential address, bar none. They are also completely devoid of any meaning except to the sterile west coast cocaine crowd. For example, "Always On My Mind," a hit for Willie Nelson, was first recorded by the late Elvis Presley in 1972, yet it won the award for "best song of 1982." How can this be? I'll wager that the majority of the voting academy didn't even know the song's origin. And speaking of dull and mind-

less (not to mention sterile), the group Toto walked off with no less than seven awards, including "Record of the year" ("Rosanna") and "Album of the year" (the cleverly titled "Toto 4"). The best part came when keyboardist Steve Porcaro said "It's from our peers, that's what counts, not from the critics, who don't know anything about music...I'd like to hear Robert Hillburn (music critic for the LA Times) play a concerto on the piano before he talks about us!" Oh, I see. Only musicians should review music. In that case, if Toto's music is so in-bred, I think only

musicians should be allowed to waste their money on it. Mel Torme wins for best jazz vocalist? Is he still alive? C'mon! I think I've got it figured out: first Christopher Cross and now Toto ... the uglier you are, the better your chances of winning. And it was a tough fight for Toto to beat out Joe Jackson, who should have won for "Steppin' Out." Speaking of "Steppin' Out," at least two networks and one cable station are using the music as lead-ins and lead-outs from commercials. The same goes for "Come On Eileen" by Dexy's

Midnight Runners. Miles Davis, one of the true greats of jazz won an award for "Best jazz album" with "We Want Miles!," which is one of the worst LP's he's ever put out. It's another case of "Well, he deserved it before, so..." On the other side of the coin, it was good to see Australia's Men At Work win the "Best New Artist" award, which they truly deserved. Also, it was great to see Joe Cocker back on top after slumping around inside the bottle for years, as he and Jennifer Warnes won "Best pop performance with vocal" for "Up Where We Belong."

Barbershop quartet to perform this weekend

Local talent

The Wayne Chapter of the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America, Inc. will present its annual show this Friday and Saturday at Our Lady of Mercy High School Auditorium in Farmington Hills. Entitled "Come to the Mardi-Gras", the show will feature the six-time District Champion Wonderland Chorus. Local members of the chorus include Frank Maton (photo at left) and Steve Sutherland and Inkster residents Mel Schnitzlein (photo at right) and Paul Myers. Maton is a Belleville resident and a former Barbershopper of the Year. Tickets for the show may be obtained by calling 427-5527.

'The Seagull' opens March 9

Anton Chekhov's lyrical play, "The Seagull," opens at the Hilberry Theatre March 9. The comedy-drama plays in repertory at the Hilberry, Cass and Hancock in Detroit, through May 13.

"The Seagull" is set on the estate of Sorin, a retired government official, where a group of family and friends are spending the languid summer months. Included in the gathering are the beautiful but selfish actress, Madame Arkadina; her sensitive son, Konstantin, who is an aspiring playwright; the successful but jaded author, Trigorin; and Nina, a naive young actress.

Throughout the course of the play their lives intertwine, and the incidents of the play include all the romance, intrigue, hopes and disappointments that arise. The result is a collage of real life and real people and, ultimately, a deeply moving picture of human frailty is revealed.

The world premiere of "The Seagull" in 1896 was under-rehearsed, poorly acted, and very poorly received.

Two years later the Moscow Art Theatre, under the direction of such giants as Nemirovich-Danchenko and Stanislavsky, included "The Seagull" in its first season. This time, given a sympathetic production, it was such a resounding success the MAT adopted a seagull as its emblem.

In his book "Theatre of Revolt," critic Robert Brustein writes about Chekhov's unique vision. He notes that "Chekhov possesses a deeper humanity than any other modern dramatist. For while he never fails to examine the desperate absurdity of his characters, he never loses sight of the qualities that make them fully alive. . . Chekhov will not arouse false hopes about the future of mankind (yet) he manages to increase our expectations of the human race."

Margaret Ingraham appears as the actress Arkadina, with Mary Eldridge as Nina, Mark Corkins as Konstantin, and Peter G. Thomson as Trigorin. Margaret Spear directs the production, with scenic

design by E. Dwight Wellborn, costumes by Marilyn Renaud, and lighting by Joseph P. Grigaitis. Tickets are available at the

Wayne State University Theatre box office (577-2972). Information on group rates is available by calling 577-3010.

Woodcarving group at Oakwoods Metropark

The Downriver Chippers will provide a "Wood Carving" program at the Nature Center of Oakwoods Metropark near Flat Rock on Sunday, March 6, from 1 p.m. to 4 p.m.

Members of the Downriver Chippers, a local wood carving group, will demonstrate and display various carving styles and techniques.

Chip or relief, round, caricature, miniature, folk figures

and waterfowl decoys will be displayed. Carvers will be available to answer questions about this fast growing hobby.

This program is "free". For information — contact the Nature

Center at Oakwoods Metropark - Phone 697-9181 c/o Belleville).

A vehicle entry permit is required (Annual: regular - \$7, senior citizens - \$2 or daily - \$2).

THE JAZZ SINGER

NEIL
DIAMOND
LAURENCE
OLIVIER
LUCIE ARNAZ

THE JAZZ SINGER. The most recent version of movie's very first "talkie", 1927 with Al Jolson, who said "You ain't heard nothin' yet!" Yeah? Well, you ain't seen nothin' 'til you see Neil Diamond as a talented musician torn between a life of familial and religious traditions, and the lure of a show business career.

SUN., MAR. 6

9-11PM ABC (8 Central/Mountain)
BABY SISTER. Passion between a beautiful young woman and her sister's boyfriend, threatens to destroy a family forever. Sultry romantic drama with Phoebe Cates, Ted Wass, Pamela Bellwood and Efram Zimbalist, Jr.

DEADLY LESSONS. Telefilm unpreviewed at presstime.

TUES., MAR. 8

8-10PM NBC (7 Central/Mountain)
THE SWARM. Michael Caine, Richard Widmark, Richard Chamberlain and Katharine Ross pick up a pay cheque from Hollywood's ole master of disaster, Irwin Allen. This one is about these killer bees....

9-11PM CBS (8 Central/Mountain)

THE MIRROR CRACK'D

GERALDINE CHAPLIN
TONY CURTIS
EDWARD FOX
ROCK HUDSON
ANGELA LANSBURY
KIM NOVAK
ELIZABETH TAYLOR

THE MIRROR CRACK'D. Lukewarm Agatha Christie with Ms. Lansbury as Miss Jane Marple, poking around the small British town of St. Mary Mead looking for a killer in the midst of a troupe of movie stars on location for a motion picture. Hudson, Chaplin, Fox and Curtis are on hand but it is Novak and Taylor as aging movie queens (hummmmm!) hissing insults at each other that lends interest to this one.

WED., MAR. 9

9-11PM CBS (8 Central/Mountain)

SVENGALI

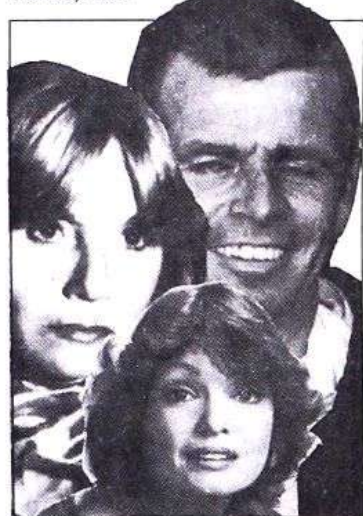

PETER OTOOLE
JODY FOSTER
ELIZABETH ASHLEY

A contemporary music drama about the emergence of a young rocker under the spellbinding influence of his magnetic vocal teacher.

SAT., MAR. 12

9-11PM CBS (8 Central/Mountain)
JANE DOE. Suspense thriller about an amnesiac's life and death race to recall her past. Karen Valentine, Eva Marie Saint, David Huffman and the always excellent William Devane, who is someday soon going to be extremely BIG!

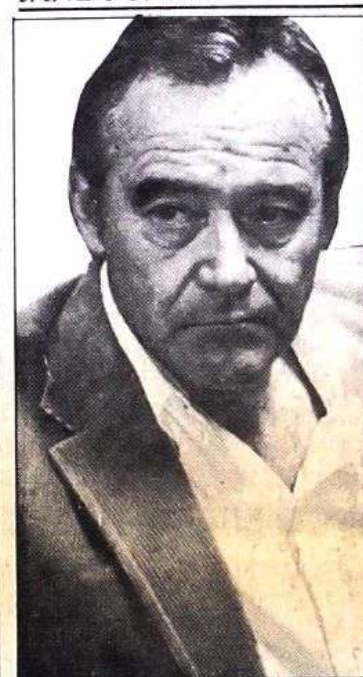

SUN., MAR. 13

9-11:35PM ABC (8 Central/Mountain)

CHINA SYNDROME

JACK LEMMON
MICHAEL DOUGLAS
JANE FONDA

THE CHINA SYNDROME. An absolutely gripping thriller involving an all too possible scenario for the end of the world as we know it. Jack Lemmon has never been in a more important film and it is doubtful if second generation movie brats Jane Fonda and Michael Douglas ever will be. A first rate and chilling film all the way.

MON., MAR. 14

9-11PM NBC (8 Central/Mountain)
M.A.D.D.: The Candy Lightner Story. True tale of the California housewife whose sorrow at the death of her daughter leads to the formation of a national organization (Mothers Against Drunk Driving) lobbying for political action that results in the strongest anti-drunk driving legislation in the nation's history. With Mariette Hartley, Paula Prentiss, Bert Remsen, Cliff Potts, John Rubinstein and David Huddleston. Sorrow, rage and action in a very timely telefilm!

CANCELLATIONS AND CORRECTIONS

Read your ad carefully the first time it appears, and report any errors before the next edition. This will be the only proof you will receive. Errors should be reported immediately, as Associated Newspapers, Inc. can be responsible for the first incorrect insertion only. NO CASH REFUNDS WILL BE MADE.

PUBLICATION POLICY

The publisher reserves the right to edit or reject and properly classify advertising submitted for publication. Publisher shall not be held liable for typographical errors except to the extent of the cost of first insertion and then only for that portion of ad that may have been rendered valueless by such error. Advertisers are advised to check their ad immediately after it appears in the paper and report at once any error found. Claims for error adjustment must be made immediately after ad is published.

HOW TO WRITE A GOOD CLASSIFIED AD

1. IT'S ALWAYS BEST to start your advertisement with the name of the item or service you have to offer. If you have an apartment or room for rent or property for sale, it's better to start your advertisement with the location.
 2. BE CLEAR. Readers react more quickly and favorably when given clear, definite information. One of the most important considerations of any advertisement is to include the price.
 3. MAKE IT EASY for the reader to respond to your ad. ALWAYS include your telephone number or your name and address if you do not have regular hours, state a preferred time to have prospects place your ad.
 4. PLACE YOURSELF in the reader's position and ask yourself what you would like to know (about your offer). The answer you give will make a good classified ad.
 5. CLASSIFIED READERS are already interested in buying used or new merchandise. These people have the money and are in the market to buy. Give them every advantage you can with good ad copy.
 6. CLASSIFIED ADS THAT FAIL to do so through a lack of readability, but because they are often quickly worded and do not contain enough information to prompt action.

'Caring, Servicing, Selling' — secrets of success

By SUE BACHAND
ANP Staff Writer

How do you spell success?

In the world of automobile dealers, the answer is M-A-S-S-E-Y. And Don Massey of Don Massey Cadillac is an unqualified success. He was recently inducted into the Cadillac Dealers Hall of Fame, an honor he is the first to ever achieve. Having attained the highest rating possible for the past 10 years of the Cadillac Master Dealer Program, Massey's induction into the Hall of Fame marks his superior achievements in the areas of new car sales, customer relations and the image of Cadillac he and his dealership represent.

"I have a real advantage," Massey commented, "I love what I do and I think that when you like what you do, you always seem to do it better."

More than 6,000 satisfied customers last year also thought that Massey did his job better — that's the number of cars sold at his dealerships in Plymouth and Lansing.

"Had the economy been healthy, I think we could have conservatively sold 8,000 automobiles," Massey said with a smile. "We are now selling cars to third generation customers. People who bought cars from me when I sold DeSotos in Wayne 28 years ago have children who are buying cars from me and now their children are buying cars from me."

And Massey is a man who well understands the need young people

have starting out in life. He recalled his arrival in Wayne on July 4, 1954 — "driving a \$100 Hudson pulling a U-Haul with \$543 in my pocket, one wife, three kids, a Chihuahua and two goldfish as dependents."

He began his career in car sales in Wayne selling the DeSoto-Plymouth line, moved to a Wayne Chevrolet dealer and then opened a use car facility in Wayne. He moved to Plymouth as a partner in a Cadillac-Oldsmobile dealership, eventually bought out his partner and six years ago built the new dealership he proudly considers, "the best, most modern in this part of the country." He opened his Lansing facility about 18 months ago and has found great acceptance and success there too.

The key to Massey's success is simple, according to him, "I mean what I say. Our slogan is 'The Caring, Servicing, Selling Dealer' — and that's true. Those are not just words. I most sincerely mean that. That's what it's all about — everybody here tries to live by those words."

"We try to render the best service we can. We're not always perfect, but we are always trying and people are always patient because it's obvious that we are trying to do our best," Massey said.

When Massey refers to "everybody" he is including a sales staff of 25 and a service department which includes more than 120 people. "We have the best trained service staff in the country — the master dealer

awards have proven that," Massey noted with pride. "I believe those awards demonstrate that we are head and shoulders above any competition."

Massey also claims the distinction of having the number one dealership in North Central America and he attributes this to his dedication to manager training.

"I believe that we deliver more car per dollar than anyone in the business. That's the objective of our constant training and growth," he said.

Massey also offers financing at the dealership at competitive finance rates. He noted that the majority of his customers presently take advantage of his lenient interest financing plan and feels that this in-house financing is "an absolute must" in order to adequately service buyers.

At the two dealerships, Massey estimates that he presently has more than 700 vehicles for prospective buyers to choose — and that the Cadillac is an affordable vehicle for just about everyone.

"Cadillac is the flagship of the automotive industry. We are offering more versatility now in varying prices, allowing young people to start with a Cadillac. To me, if a buyer starts with a Cadillac, as his income increases, he'll always remain with Cadillac."

"Cadillac is affordable. From the lower priced models to the more luxurious this is the best car

Don Massey displays one of the 700 vehicles he has on hand.

Wayne shoots for state wrestling crown

Zebras have 3 regional champions

Second at the regional in Trenton, Wayne Memorial will try harder this weekend to capture the coveted Class A Michigan High School Wrestling Championship.

Coach Don Haney's grapplers finished second to defending state champ, Temperance Bedford, last Saturday at the regionals in Trenton, but Wayne came away with three gold medalists who could be the keys to the state championship.

Wayne finished a mere five points behind the regional champ who garnered 99½ points.

"As anyone knows there is a lot of

hard work and luck involved in winning the state title," Coach Haney said. "An injury, a wrong move and that's that. But I believe this team has as good a shot at the state title as anyone."

Wayne received sterling performances from T.J. Harris, who captured the gold medal at 105 pounds; Dan Matauch, who is the 119 pound champ and Joe Colaiane, who came off the mats with the gold at 132.

Wayne also qualified for the state Dave Davis, who finished third at 98

pounds while Jim Ertman (138) and Doug Sheperd (198) were fourth place finishers.

Matauch, an outstanding all-around athlete and student, captured his third consecutive regional championship en route to shattering former Wayne wrestling great, Paul Goosby's record.

Matauch picked up his 117th, 118th and 119th victories at the regionals, surpassing Goosby's all-time mark of 117 victories.

Wayne also brought back another honor from Trenton when Don Haney was named as Regional Coach of the Year, sharing the hon-

or with Bedford's Bill Regnier.

Westland John Glenn came up with three state qualifiers including 155-pound regional champ, Don Forchione. Rob Paciocco finished second at 145, while John Gibson earned a third place medal at 105.

"I felt that our team wrestled very well at the regional," said Glenn Coach Tom Buchalew. "We made our presence felt over there."

Plymouth Salem was represented in the winner's circle by John Beaudoin, who was the top 138-pounder at the regional. Plymouth Canton will be represented at the state finals with Todd Bartlett, who

finished fourth in the 112-pound category and Marty Heaton, a third place winner at 145. The state finals will be held Friday and Saturday at Lansing Eastern High School.

Coach Niemi:

'Dearborn game is crucial one'

"I look at the Dearborn game as a key one for our kids. If we win, it will be just the boost we need for the playoffs, and a loss obviously will be a downer."

That's how Belleville coach Tom Niemi assessed Friday night's rematch with Dearborn, a team that could force the Tigers into a co-championship for the final Suburban 8 Conference basketball title.

Belleville, with a 4-1 league record, has a slice of the crown and a victory over the pesky Pioneers (who will host this one) would give the local cagers their first conference title since the late 50's.

"This is a crucial game for our team," Niemi continued, "and Dearborn is always tough in their gym."

Belleville drew a first round bye for the Class A playoffs scheduled for Tuesday night at Ypsilanti High School. In the Tuesday night opener

Temperance Bedford clashes with Monroe at 6 p.m. while Romulus will take on the host, Ypsi, at 8 p.m.

The semi-finals are scheduled for Thursday (March 10) and Belleville begins shooting at 6 p.m. against the winner of the Monroe-Temperance game and in the nightcap, Adrian plays the survivor of the Ypsilanti-Romulus game.

The championship will be decided at 7:30 p.m., on Friday, March 11.

In the meantime, the Tigers cleaned up on Bedford 77-62 as Mike Mellon continued his excellent all-around play with 16 points. Rodney Palmer and Troy Thomas also scored in double figures with 13 apiece.

Mellon fired in eight of his 16 points in the first period to stake the Tigers to a 22-14 lead that they never relinquished. Belleville enjoyed a 42-28 halftime edge and, with Niemi substituting freely throughout the second half, never let the Mules come close.

Bedford's Dana Woodson came out with the game high of 23 points.

Belleville also didn't sweat for its 83-56 victory over a hapless Lincoln Park quintet which was out of it by the halfway mark (34-18) and, it was Mellon who paved the way as he scored eight (again) of his 16 points in the opening period. Thomas contributed 12 for the evening.

Patterson stars on Ferris track

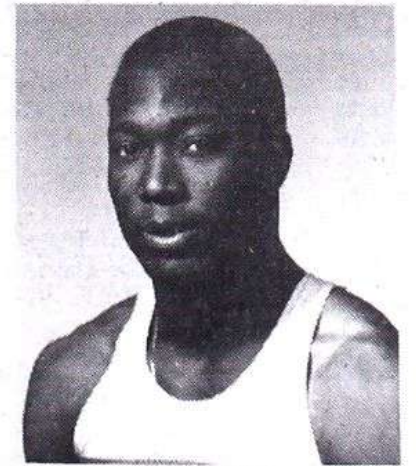

Former Wayne Memorial High School athlete Vince Patterson has continued to shine at Ferris State College.

The 1982 Wayne Memorial graduate is one of the top hurdlers and sprinters on the Bulldog track team, coached by George McGinnis.

Now mid-way through the indoor season, Vince has turned in Ferris' top time in the 60-meter hurdles (8.7) and ran a leg on the College's record-setting 1,600-meter relay squad (3:29.3).

The multi-talented freshman will also long jump for the Bulldogs as the indoor season progresses and the outdoor season begins. He also was a defensive back last fall for the Ferris State football team.

While at Wayne Memorial, Vince lettered in track, football and basketball, earning area

VINCE PATTERSON

honors in all three sports. The son of Betty Patterson of Wayne, Vince is majoring in accounting in Ferris' School of Business.

Patterson and his teammates have three important indoor meets coming up prior to the opening of the outdoor campaign. The Bulldogs will host the FSC Classic (March 9) and Open (March 15) prior to the GLIAC indoor meet at Grand Valley State March 19.

Over 30 hockey champs

All Sorts Sports put together the championship line-up for the Berrington Division of the Over 30 Wayne-Westland Hockey League. The winners included: Toni Ianni (first row, from left), Dave Milam, John Ruggiero, Craig Averill (team sponsor) and Larry Kaifesh; second row are Nelson Vanderburgh, team captain Tom DiLaura, Ray Schemanski, Tim Potts and Dave Cherry; third row are Mike Beals, Ed Spontack (team representative), Ken Knick and Rick Wolkowicz.

Franklin cagers avenge loss to John Glenn

Five weeks ago, the Rockets of Westland John Glenn defeated the Patriots of Livonia Franklin, 68-62. The Patriots' senior center, Bob Stebbins, suffered through a frustrating night at the free throw line.

But Friday night, the Patriots turned the table on the Rockets as they posted a 64-61 victory.

For the Patriots, the victory gave them undisputed possession of second place in the Northwest Suburban League.

As for Stebbins, it gave him a chance for revenge against the one team he wanted to beat since January 21.

And, for the Rockets, it was a loss they could not afford.

Coach Dan Henry so aptly put it after the defeat to Thurston two weeks before: "Our third season starts with Franklin. We must get ourselves ready for the districts."

Friday night, however, was a different story as the Patriots came out firing. Glenn looked like they

hadn't played basketball for two weeks. They hadn't.

Stebbins solved his problems with free throws that had plagued him in the earlier meeting with Glenn by hitting three charity tosses in the first quarter.

For the game, he sank eight of them, four times as many as he had during the first game with Glenn. Mike Johnson, the slick-shooting guard, tossed in five points in the opening stanza.

But this friendly rivalry was not built on blow-outs.

Glenn stayed right with the Patriots the whole quarter as they used balanced scoring to forge a 16-16 tie at the first quarter buzzer. Paul Grazulis, back from a foot injury, scored 5 points and Mike Baydarian added five.

The second quarter may have told the story for both the Patriots and the Rockets. Stebbins asserted

himself on both ends of the floor as he scored nine points, hauled down numerous rebounds and passed off for four assists as he led his team to a 35-30 halftime lead.

Said Coach Henry of Stebbins yeoman performance, "He's a winner. He comes to play every game. He does not quit."

However, Glenn also did not give up easily. Greg Gill, who reminds one observer of MSU's Scott Skiles, scored seven points and longtime teammate Todd Jennings scored five more to help keep Glenn within five.

Franklin widened its lead in the third quarter, but only slightly. While Stebbins cooled off a bit, Johnson and John Minnaugh combined for 10 points as the Patriots led, 48-41, at the end of the period.

Then, Henry did something that may have surprised a few observers. Benching most of his starters except for Gill and Grazulis, he in-

serted juniors Jeff Hawley, Dave Long and Craig Thornton. That sparked a frantic finish that had Patriot fans wringing their hands. Little did those fans know those three players had comprised a Stevenson Junior High School team that went 9-1 in 1980-81.

And they showed some of the old mettle as they cut the seven-point deficit to three on several occasions. Hawley hit two buckets and Thornton hit two, also, plus a free throw to help the Rockets in their ill-fated comeback attempt. Fill bagged six points in the quarter to bring his total for the night to 19.

But Stebbins was not going to be denied on this night, however. He scored a couple key baskets as the Rockets got close and Johnson added 8 to salt the victory away for Franklin.

Stebbins finished the game with 24 points while Johnson added 18.

The Rockets now prepare for their final two games, Tuesday against North Farmington, a team that "smells that they can beat us. We are going to get ready for the state tournament." On Friday night, the Rockets are at Ann Arbor Huron.

The Junior Varsity squad won its seventh straight as they defeated Franklin, 55-41. Brad Martin scored 13 points and Ron Taig added 12.

To share swim title

Glenn must beat North

If Westland John Glenn swimmers want a share of the 1983 Northwest Suburban Conference Swim Championship they will have to beat North Farmington for it.

And that is a "big if".

North is the only conference team to hand the Rockets a setback this season and they are heavily favored to capture the coveted title when the six teams gather for the league meet on Thursday and Friday at Livonia Franklin.

The Rockets will have an excellent shot of picking up a gold medal in the 500-yard freestyle where senior Brian Bawlowicz has dominated the competitions while backstroke Mike Jensen is also a good bet to come away with a first.

In the meantime the Westlanders wrapped up the regular league

schedule with a 78-43 pastings of Garden City. The victory boosted their league record to 4-1 on the year.

Meet results: Westland John Glenn 78, Garden City 43.

Ten Pin Topics

Bowlers also have charity on their minds

In bowling, as anywhere else in life, you find people who are special. They have that certain something that sets them apart from the rest of us. It may be because they are continually willing to donate their time toward promoting the game. They may display outstanding sportsmanship, are great shooters, or have great personalities during competition. Whatever the reason you have special respect for this person.

The Wayne-Westland Men's Bowling Association would like to

hear about these people. The Vince Begin Award is presented annually to the bowler, from this area, who best exemplifies the sport of bowling. The association is now accepting letters of recommendation for the award which will be presented at the annual awards banquet on June 18.

If you have anyone who you feel fits in that category write a letter listing your reasons and mail it to the association in care of Doug Uhl, Secretary, 36504 Dover, Livonia, Mich. 48150.

Deadline for nominations is April 15.

Town & Country was the site of some season high team efforts which includes an 1166 actual game by the Whoa Boys in the Wayne Merchants League. In the same loop, Hal Bateman recorded his career first 700 with a 279 game for a 729 series; Jim Smith also had a 279 game; Don Robertson hit 265 for 672; and league secretary Ken Cornett tallied a 172 triplicate.

The trio of Rich Morrissey (637),

Rich Morrissey Jr. (639), and Billy Mull (651) established a new Town & Country Trio League all time high when they tallied an impressive 1927 recently. Ed Dobozy threw the first nine for a 265 game; and 159 average Jim McDougall hit 235 and 590 to go over average by more than 100 pins; Don Gordon hit 266; Dennis Lindsay had 278 and 688; and Jerry Przywara hit 277 for 678.

For the ladies, Theresa Henry hit 640; Pat Kakaley was 96 pins over with a 234 game; Carol Trudell hit a

233; and the elusive all spare game was rolled by both Wanda Reed (181) and Ann Green (188).

While we are on the subject of all spare games, our sympathies go to Frank Mugerichian, who recently withstood the pressures of 12 strikes in a row for a 300 game, but was unable to stand up to the good natured pressure of his teammates and missed the 9th frame to spoil his assault on an all spare game.

Westland Bowl scoring was led by Jim Jesson with 267-248-215 for 730;

Tom Johnston had 234-223-266 for 723; and Ray Holmes hit 289 on his way to a 716 series.

The youngsters at Wayne Bowl, rolled in the Rough Riders League (9-15 years old) created a little excitement when Mike Tackett made the 7-9 split; 115 average Steve Summers had a 175 game; and 135 average Ron Paddock hit a 194 game.

For the big boys, George Bombyk, at a 153 average, did a fine job by going 124 pins over in one game for a 277 game; Dan Wilson had a 657 total; Cleveland Hurst, 633; J.R. Mac, 615; and Larry Pratt, 613 total.

Super Bowl stars this week were Betty Kowalski, at 154 average, hitting a 250 game for a 565 series, and Marie Matuse improving on her 151 average, hitting a 245 game and 588 total.

The ladies also dominated the scoring at Fiesta Lanes with Millie Mursin, rolling in the West Side Deaf Ladies League, going 119 pins over average for a 254 game; Debbie Fuller had a 220 for 515; Nancy Thomas a 214 for 561; Kathy Sullivan had a 211 and 522; Mildred Howard was in there with a 203 for 523; Betty Lewellen had a 204; and last, but not least, Lynda Barlow rolled a 203 game.

To cap this week's scoring, Lodge Lanes had Ted Ratliff with a 264 for a 721 series, and Lois Wison with a 253 game.

Over 30 W-W hockey champs crowned

It took a lot of hard work and sweat, but the 1982-83 Over-30 Hockey Conferences in Wayne and Westland know which teams are the best.

And it went down to the wire before the decisions were finalized.

After 21 weeks the Berrington and Bonkowski Divisions' First Place Honors (but thanks to victories in the 21st week) went to All Sorts Sports and Brock Builders.

Mathematically, Brock's secured its first place position when Futurama and Family Heating both lost their games and dropped three points behind. With just one game remaining, there is no way either team can catch Brock's.

All Sorts Sports has a two point edge over Little Bill's Trophies and depending on the outcome of the final game for both teams, could end up tied for points.

However, All Sorts Sports has beaten Little Bill's Trophies 2-1 in regular season play, therefore earning the first place.

Last week, All Sorts Sports claimed an 11-0 shutout over Johnson's Carbonic as John Ruggiero earned his fifth shutout of the season in the nets. Tom DiLaura tallied for three goals and picked up three assists; Ed Spontack scored twice and received two assists; Dave Milam rattled the net twice. Rick Wolkowicz tallied for one goal and picked up six assists while Tim Potts, Craig Averill and Nelson Vanderburgh accounted for a goal apiece. The line consisting of DiLaura, Spontack and Wolkowicz picked up a total of 17 points in the game. Tony Ianni finished the game with three assists, Dave Cherry received two assists while Larry Kaifesh picked up one assist.

Brock Builders carded a 7-4 win over Jake's Lounge as Ed Harmon checked in with a hat trick and one assist. Dave Frankling tallied for a goal and three assists; Gary Pierce and Bob Wood scored once and received one assist while Paul Kos accounted for one goal. Ken Howe, Marv Borycki and Jim McMaster finished the game with one assist.

Arnie Cox and George Murphy tallied for a goal and an assist for Jake's, while Roger Wodgenske and Dave Roberts accounted for a goal apiece. Tony Spada received two assists while Jay Middaugh, Paul Mayworm and Dennis Wysocki picked up one assist.

Etronic scored with 25 seconds remaining in the game to log a 5-5 tie with Tastee Freez. Jerry Robertson tallied for two goals; Dan Demers, Chuck Jennett and John Kunz each finished with a goal and an assist. Al Farina received two assists with Dennis Fassett picking up one assist.

Tom Bryans tallied twice and picked up one assist for Tastee Freez; Ken Carter scored one goal and received two assists; Barry Anderson rattled the net for one goal and picked up one assist. Tom Panackia accounted for the remaining goals while Moe Paquette, Darryl Nowacki, Bob Capler and Gene Tauriainen finished with an assist.

Little Bill's Trophies held off a determined Futurama team to clinch a 3-2 decision. Little Bill's scored its three goals in the second period as Dave Zajac, Dave Weaver and Joel Layne found the crease. Zajac and Layne also picked up an assist. Ron Jacobs and Terry Johnson drew one assist.

Futurama applied pressure in the final period with Phil Cerne and Errol Pulk turning on the light with Howard Flemming and Ken Murray drawing an assist.

Family Heating went down in defeat as Mic-Dago Pub scored late in the final period to secure a 3-2 victory. Dale Fawres and Norm Beasley tallied for a goal and an assist as Paul Cramer netted the game winner. Rick Mullen, Ron Hays and Ed Glaub picked up one assist in the game.

Ron Wojewski and Al Pulk accounted for Family Heating's scoring with both players also drawing an assist. Jack Bockstanz and Ernest Hunter finished the game with one assist.

The playoffs are slated to begin on Sunday, March 6, at the Wayne

Arena.

All Sorts Sports will skate against Brock Builders at 6 p.m.; Little Bill's Trophies will play either Futurama or Family Heating at 7:15 p.m.; Tastee Freez takes on either Futurama or Family Heating at 8:30 p.m.; Johnsons Carbonic and Jake's Lounge take the ice at 9:45 p.m.; Etronic will play the nightcap against Mic-Dago Pub at 11 p.m.

After 21 weeks the Berrington and Bonkowski Divisions' first place honors (but thanks to victories in the 21st week) went to All Sorts Sports and Brock Builders.

ANGELA COLLINS

ANN GUESS

Guess who's a Saint?

Three Inkster athletes were members of the 1982-83 Saint Paul's College women's basketball team. They are Angela Collins, Ann Guess and Marietta Spencer.

Collins, a sophomore guard/forward, averaged 2.9 ppg and 3.2 rpg.

Guess, a freshman guard, was the team's leading scorer with

11.2 ppg.

Spencer, a freshman forward/guard, averaged 3.0 ppg.

All three are graduates of Inkster High School.

Saint Paul's College is an Episcopal church-related, four-year, fully accredited, co-educational institution with a diverse liberal arts academic program.

Tucker pumps in 16 points

Freshman Joel Tucker of Inkster scored a season high 16 points for Western Michigan University's

men's basketball team Saturday (Feb. 19).

Tucker, a "walk-on," made this total by

hitting eight of 12 floor shots in a 79-59 loss to Central Michigan at Mt. Pleasant.

Tucker has started

the last two games for Coach Vernon Payne's Broncos and has a season scoring average of 4.7 points.

1982 ENDS APRIL 15th

Reduce your 1982 taxes... Start an IRA now!

How is it possible to save 1982 tax dollars in 1983? It's simple with an Individual Retirement Account at Wyandotte Savings Bank. When you open an IRA before the April 15th deadline, contributions you make to your IRA are 100% deductible on your 1982 tax return so you'll pay less taxes.

An IRA is for all wage earners
You're allowed to contribute any amount from \$100 to \$2,000 per year. And up to \$4,000 if you and your working spouse file jointly. For example, a working couple with a \$30,000 taxable income can contribute the yearly maximum of \$4,000, reducing net taxable income to \$26,000. You would cut your tax bill by approximately \$1,400.

IRA shelters your income from taxes 3 different ways
First, your IRA contributions are tax-deductible. Next, your IRA funds earn tax-free interest until withdrawal. And when you retire, the income from your IRA will probably be taxed at a lower rate because you'll be in a lower tax bracket.

An IRA adds up to more financial security
The annual IRA contributions you make will earn high, tax-free, compounded interest year after year. When you're ready to retire, the small fortune you saved with an IRA will be a welcome addition to your social security and pension, giving you a more comfortable retirement.

Why so many Downriver people prefer an IRA at WSB
Unlike some other financial institutions, WSB charges no set-up or service fees on IRA accounts. Wyandotte Savings Bank pays consistently high interest on your IRA deposits and gives you the added flexibility of both fixed rate and variable rate investment plans.

It's also important to know that your IRA funds are insured by the FDIC and backed by WSB's 111-year history of rock-solid strength and dependability.

Time is still on your side . . .
April 15th is just around the corner, so act now. See the IRA experts at your nearest Wyandotte Savings Bank office.

Wyandotte Savings Bank
MEMBER FDIC SINCE 1871

There may be substantial interest and tax penalties for early withdrawal.

Romulus cagers run into a bit of 'hard luck'

Despite two heart breaking losses, Romulus cage coach Al Wilkerson believes his team is ready for the Class A District Playoffs scheduled to begin on Tuesday at Ypsilanti High School.

The Eagles lost a 60-59 decision at the buzzer to Dearborn Heights Robichaud last Tuesday before giving No. 2 state-ranked power house, Saginaw, a 72-60 scare.

"I really feel we're ready for the

Vietnam Vets make up 35% of VA payroll

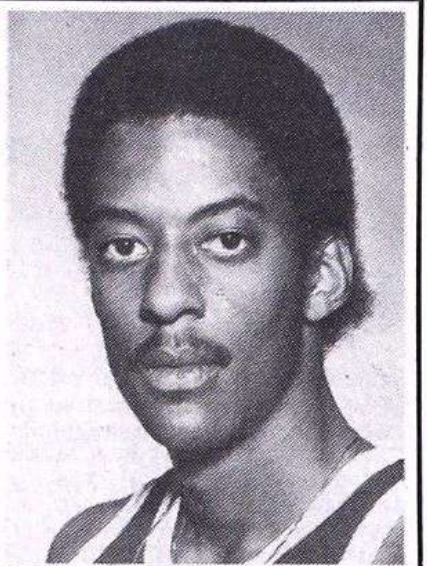

The Veterans Administration now has 82,361 former service people on its payroll - 43,943, of whom are Vietnam Era veterans.

Veterans comprised 34.9 percent of the total Veterans Administration work force at the end of October, VA reported.

Latimer captain at NMU

Junior Kevin Latimer of Inkster (Detroit Lutheran West) was elected as tri-captain for the 1982-83 basketball season at Northern Michigan University in Marquette.

Latimer was all-state honorable mention on a conference co-championship team in high school and played at Henry Ford Community College before enrolling at NMU. He sat out the 1981-82 season because of an injury. (NMU photo)

tournament," Wilkerson said, "although our over-all record wouldn't impress anyone. I believe this team has a good shot of taking it over at Ypsi."

Romulus will be pitted against

VA continues to be one of the largest employers of disabled veterans in federal government with 12,709 disabled veterans on its rolls.

During October, VA hired 1,349 veterans, 1,007 of them veterans of the Vietnam Era. A total of 148 of the new employees that month were disabled veterans.

The agency has a total of 235,879 employees.

VA has traditionally given high priority to providing employment opportunities for veterans. Approximately 66 percent of its male employees are former servicemen. Of the agency's male employees, 36.8 percent are Vietnam Era veterans, 29.5 percent are veterans of other periods of service, and 33.7 percent are non-veterans.

Over 18 percent of VA's total work force is composed of Vietnam Era veterans. The figure for the Federal government as a whole is 13 percent.

host Ypsilanti, while Belleville, Adrian, Temperance Bedford and Monroe are also seeking district honore.

"These kids of ours don't quit," Wilkerson continued. "I'm pleased with our over-all performance."

Back with the team is Terry Mills, a 6-7 freshman who was injured in the initial game of the 1982-83 campaign. Mills contributed 17 points and hauled in 13 rebounds and had eight assists against Saginaw.

Also devastating this week was Grant Long, a relative of Detroit Pistons' great Johnny Long, who also prepped at Romulus and went on to national recognition at the University of Detroit.

Saginaw had a rough time putting down the Eagles who kept the game in doubt until late in the third period when the visitors managed to increase their advantage. Ahead 20-15 at the end of the first period, Saginaw held a shaky 36-33 margin at the halfway mark.

Three successive turnovers in the early minutes of the third period allowed Saginaw to widen the margin to as much as 14 points before Long, who has piled up 62 rebounds in the last three games, carried the Eagles back.

Long scored 12 of his team high 21 points in the last eight minutes to cut the gap to five before Saginaw surged ahead with two quick Andre Jackson jumpers.

Mills was the only other Romulus cager in two figures. He had 17.

Mark Bonner's at-the-buzzer turn-around 23-foot jump shot lifted Robichaud to a 60-59 victory over the Eagles earlier in the week. With 13 seconds left on the clock, Kevin Baker stole an errant Robichaud pass and drove in for a layup that provided the shortlived Romulus lead (59-58).

The Dearborn Heights cagers held a slim 22-21 edge after the first period, but fell behind 42-39 after two quarters. In a foul-filled third period, the Eagle outscored their rivals 11-8 to knot the score at 50-all, going into the final stanza.

"We have lost seven games this year by one-pointers," Wilkerson moaned, "and you've got to be wondering what happened to our luck."

CITY OF ROMULUS

AN ORDINANCE TO ESTABLISH A CITY EMERGENCY SERVICES POLICY AND ORGANIZATION; TO DEFINE THE DUTIES AND RESPONSIBILITIES OF THE EMERGENCY SERVICES COORDINATOR AND OTHER PERSONNEL; TO AUTHORIZE THE USE OF THE MATERIAL RESOURCES AND MANPOWER OF THE CITY IN EMERGENCY OPERATIONS; AND TO PREVENT, MINIMIZE AND RELIEVE DAMAGE TO PERSONS AND PROPERTY RESULTING FROM ANY FORM OF DISASTER.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROMULUS:

INTENT AND PURPOSE: It is the intent and purpose of this Ordinance to establish an organization that will insure the complete and efficient utilization of all municipal resources during periods of emergency and disaster.

The City of Romulus Office of Emergency Services will be the coordinating agency responsible for city-wide emergency preparedness; it will provide the means through which the City Council and the Mayor may exercise the authority and discharge the responsibilities vested in them by this Ordinance and Act No. 390, Public Acts of 1976.

This Ordinance will not relieve any elected officials or municipal departments of the normal responsibilities or authority given by general law or local ordinance, nor will it affect the work of the American Red Cross or other volunteer agencies organized for relief in a natural disaster.

DEFINITIONS: For the purpose of this Ordinance, certain words used herein are defined as follows:

(a) "COORDINATOR" shall mean a person appointed to coordinate emergency planning and services within the City of Romulus or as prescribed in this Ordinance.

(b) "DISASTER" means an occurrence or imminent threat of widespread or severe damage, injury, or loss of life or property resulting from any natural or man-made cause, including but not limited to fire, flood, snow, ice or wind storm, wave action, oil spills, water contamination requiring emergency action to avert danger or damage, utility failure, hazardous peacetime radiological incident, major transportation accident, epidemic, air contamination, blight, drought, infestation, explosion, riot, or hostile military or paramilitary action. Riots and other civil disorders are not within the meaning of this term unless they directly result from and are an aggravating element of the disaster.

(c) "DISTRICT COORDINATOR" means the State Police District Emergency Services Coordinator or his authorized representative.

(d) "EMERGENCY OPERATIONS PLAN" means the City of Romulus Emergency Operations Plan which shall be prepared under this Ordinance to coordinate disaster response and recovery within the City of Romulus.

(e) "EMERGENCY SERVICES" shall have a broad meaning to include preparations for, and relief from, the effects of natural and man-made disasters as defined herein, and to include Civil Defense.

(f) "EMERGENCY SERVICES FORCES" means all disaster relief forces; all agencies of the municipal government, private and volunteer personnel, public officers and employees; and all other persons or groups of persons having duties or responsibilities under this Ordinance or pursuant to a lawful order or directive authorized by this Ordinance.

(g) "EMERGENCY SERVICES VOLUNTEER" shall mean any person duly registered and appointed by the Coordinator and assigned to participate in the Emergency Services activity.

(h) "EMERGENCY SITUATION" means any situation confronting a community requiring emergency actions of a lesser nature than a disaster, as defined above, to include, but not limited to, civil disturbances, labor strikes, visits by national or international dignitaries, and build-up activities prior to an actual disaster.

(i) "MAYOR" shall mean the Chief Elected Official of the City of Romulus; and "COUNCIL" shall mean the City Council of the City of Romulus.

(j) "STATE OF DISASTER" means a declaration by executive order or proclamation by the Governor under the provisions of Act 390, Public Acts of 1976, which activities the disaster response and recovery aspects of state, local, and interjurisdictional disaster emergency plans and authorizes the deployment and use of any forces to which the plan or plans apply.

(k) "STATE OF EMERGENCY" means a declaration by the Mayor pursuant to this Ordinance which activates the disaster response and recovery aspects of the City of Romulus Emergency Operation Plan and authorizes the deployment and use of any municipal forces to which the plan applies.

ORGANIZATION FOR EMERGENCY SERVICES: The Mayor, with the approval of the Council, is hereby authorized and directed to create an organization to prepare for community disasters utilizing to the fullest extent existing agencies within the municipality. The Mayor, as Executive Head of the city government, shall be the Director of the Emergency Services Forces of the city and shall be responsible for their organization, administration and operation, working through the Coordinator.

The organization for providing emergency services shall consist of the following:

(a) An Office of Emergency Services established within city government. The Office of Emergency Services shall have an administrative head appointed who will be known as the Coordinator, Office of Emergency Services. Such assistants and other employees as are deemed necessary for the proper functioning of the organization will be employed.

(b) The employees, equipment and facilities of all municipal departments, boards, institutions and commissions suitable for, or adaptable to emergency services activities may be designated as part of the total Emergency Services Forces. Such designations shall be by the Mayor with the approval of the Council.

All officers and employees of departments, commissions, boards, institutions and other agencies of the city government designated by the Mayor, with the approval of the Council, shall cooperate with the Emergency Services Coordinator in the formulation of the Emergency Operations Plan, and they shall assist the Coordinator in all matters pursuant to the provisions of this Ordinance.

EMERGENCY SERVICES COORDINATOR; ASSISTANTS; DEPUTIES: The Mayor, with the approval of the Council, shall appoint an Emergency Services Coordinator who shall be a person with the personal attributes, experience, and training needed to coordinate the activities of the agencies, departments, and individuals within the city to protect the public health, safety and welfare during emergency situations and disasters.

Assistant Coordinators shall be designated to work with the Coordinator on emergency planning matters. Assistant Coordinator may be selected.

MAYOR; POWERS; DUTIES: The Mayor may exercise the emergency power and authority as specified herein. Whenever a situation requires, or is likely to require, that the Mayor invoke such power and authority, he shall, as soon as a reasonably expedient, convene the Council to perform its legislative and administrative duties as the situation demands, and shall report to that body relative to emergency activities. Nothing in this Ordinance shall be construed as abridging or curtailing the powers of the Council unless specifically provided herein.

Under the following circumstances, the Mayor may declare a state of emergency exists in the City of Romulus and may assemble and utilize the Emergency Services Forces in accordance with the City of Romulus Emergency Operations Plan, and he may prescribe the manner and conditions of the use of such Emergency Services Forces:

(a) Whenever, on the basis of information received from authoritative sources, he feels that a large-scale disaster or emergency situation in the city or state is imminent.

(b) During any period of disaster in the city or state and thereafter as long as he shall deem it necessary.

Whenever the Mayor deems that any condition in the city is beyond the control of local public or private agencies or has attained or threatens to attain the proportions of a major disaster, he may request the Governor to declare a state of disaster exists therein by instructing the Coordinator to contact the District Coordinator in accordance with Public Act 390 of 1976.

The Mayor, with the approval of the Council, is hereby empowered and has the authority:

(a) To appropriate and expend funds, make contracts, obtain and distribute equipment, materials, and supplies for disaster purposes.

(b) To provide for the health and safety of persons and property, including emergency assistance to the victims of disaster.

(c) To assign and make equipment available for duty, the employees, property, or equipment of the municipality relating to fire fighting; engineering; rescue; health, medical and related services; police; transportation; construction; and similar items or service for disaster relief purposes within or without the physical limits of the municipality.

(d) In the event of a foreign attack upon this State, to waive procedures and formalities otherwise required by law pertaining to the performance of public work, entering into contracts, the incurring of obligations, the employment of permanent and temporary workers, the utilization of volunteer workers, the rental of equipment, the purchase and distribution with or without compensation of supplies, materials, and facilities, and the appropriation and expenditure of public funds.

The Mayor, with the approval of the Council, shall establish procedures for the succession of government during emergencies where officials are unavailable for exercising the powers and discharging the duties of their respective offices.

The Mayor, with the approval of the Council, may make regulations permitting the Coordinator to assemble and utilize the Emergency Services Forces and provide disaster relief aid as prescribed in Sections

When obtaining formal approvals would result in delay of relief activity, the Mayor may, until the Council convenes, waive procedures and formalities otherwise required pertaining to the performance of public works, entering into contracts, the incurring of obligations, the employment of temporary workers, the rental of equipment, the purchase and distribution of supplies, materials and facilities and expenditure of existing funds, and the Council is also empowered to waive any such procedures and formalities.

EMERGENCY SERVICES COORDINATOR; POWERS; DUTIES: The Emergency Services Coordinator shall be responsible for the administration, planning, coordination, and operation of all emergency preparedness activities in the city. He shall maintain liaison with county, state, and federal authorities, and the authorities of adjacent and nearby political subdivisions so as to insure the most effective emergency operations.

His duties shall include, but not be limited to, the following:

(a) Development of the Romulus Emergency Operations Plan, and any other appropriate disaster plans, for the immediate use of all of the facilities, equipment, manpower, and other resources of the city for the purpose of minimizing or preventing damage to persons or property; and protecting and restoring to usefulness governmental services and public utilities necessary for the public health, safety, and general welfare.

(b) Coordinating the recruitment and training of volunteer personnel and agencies to augment the personnel and facilities of the city for emergency purposes.

(c) Through public information programs, educating the population as to actions necessary and required for the protection of persons and property in case of a disaster.

(d) Conducting practice alerts and exercises to insure the efficient operation of the city's emergency organization and to familiarize residents of the city with emergency regulations, procedures, and operations.

(e) Coordinating the activity of all other public and private agencies engaged in any emergency or disaster relief programs.

(f) Negotiating with owners or persons in control of building or other property for the use of such buildings or property for emergency or disaster relief purposes, and designating suitable buildings as public shelters.

(g) Establishing and maintaining administrative control over a local radiological defense program, to include emergency preparations for both peacetime radiation incidents and international wartime disasters.

(h) Coordinating municipal emergency preparedness activities with those at the county level and adjacent municipalities.

VOLUNTEERS; APPOINTMENTS; RECORDS: The Coordinator may at any time appoint or authorize the appointment of volunteer citizens to augment the personnel of city departments, commissions, boards, or agencies in time of emergency. Such individuals shall be enrolled as Emergency Services Volunteers and shall be subject to the rules and regulations set forth by the respective department, commission, board, or agency head for such volunteers.

The Coordinator may enlist volunteer citizens to form the personnel of an emergency service for which the city has no counterpart, or to temporarily augment personnel of the city engaged in emergency activities. The Coordinator shall maintain formal records of all such volunteers for workman's compensation purposes.

RIGHTS OF CITY EMPLOYEES: City employees assigned to duty as a part of the Emergency Services Forces pursuant to the provisions of this Ordinance shall retain all of the rights, privileges, and immunities of city employees, and shall receive the compensation incident to their employment.

NO GOVERNMENTAL OR PRIVATE LIABILITY: This Ordinance is an exercise by the city of its governmental functions for the protection of the public health, safety, and general welfare. As such, neither the city nor agents and representatives of the city, nor any individual, receiver, firm, partnership, corporation, association, nor trustee, nor any of the agents thereof acting in good faith carrying out, complying with, or attempting to comply with this Ordinance shall be liable for any damage sustained to persons or property as a result of said activity.

Any person owning or controlling real estate or other premises who voluntarily and without compensation grants the city the right to inspect, designate and use the whole or any part of such real estate or premises for the purpose of sheltering persons during a disaster or during an authorized practice disaster exercise, shall not be civilly liable for the death of, or injury to, any person on or about such real estate or premises under such license, privilege or other permission, or for loss of, or damage to, the property of such person.

CONFLICTING ORDINANCES; ORDERS; RULES AND REGULATIONS SUSPENDED: At all times when the orders, rules and regulations made and promulgated pursuant to this Ordinance shall be in effect, they shall supersede all other existing Ordinances, orders, rules and regulations, insofar as the latter may be inconsistent therewith.

VIOLATIONS: It shall be unlawful for any person willfully to obstruct, hinder or delay any Emergency Services Forces in the enforcement or accomplishment of any rule or regulation issued pursuant to this Ordinance, or to do any act forbidden by any rule or regulation issued pursuant to the authority contained in this Ordinance. It shall likewise be unlawful for any person to wear, carry, or display any emblem, insignia, or other means of identification as a member of the Emergency Services Forces of the City of Romulus unless authority to do so has been granted to such person by proper officials. Convictions for violations of the provisions of this Ordinance shall be punishable by a fine of not more than Five Hundred (\$500.00) Dollars, or to imprisonment for a period not to exceed Ninety (90) Days, or to both such fine and imprisonment in the discretion of the court.

SEVERABILITY: The various parts, sections, and clauses of this Ordinance are hereby declared to be severable. If any part, sentence, paragraph, section, or clause, is adjudged unconstitutional, or invalid by a court of competent jurisdiction, the remainder of the Ordinance shall not be affected thereby. All other Ordinances inconsistent with the provisions of this Ordinance, are, to the extent of such inconsistencies, hereby repealed.

EFFECTIVE DATE: This ordinance shall be published in accordance with the character of the City of Romulus and shall become effective in accordance with the terms thereof.

I, Raymond Cantrell, Clerk for the City of Romulus, do hereby certify the foregoing to be a true copy of an ordinance duly adopted by the Romulus City Council at its regular meeting held on the 8th day of February, 1983.

Raymond Cantrell, Clerk
City of Romulus

ATTEST:
William M. Oakley, Mayor

Within forty-five (45) days after the publication of any ordinance duly adopted by the Council, a petition may be presented to the Council protesting against such ordinance continuing in effect. Said petition shall contain the text of such ordinance and shall be signed by not less than six (6%) percent of the registered electors registered at the last preceding election at which a Mayor of the City was elected. Said ordinance shall thereupon and thereby be suspended from operation and the Council shall immediately reconsider such ordinance.

Local actor to appear in 'Steps in Time'

Robert E. Lambert, son of Dan & Dorothy Lambert, is appearing in "Steps in Time," a new musical revue, March 4-6 and 11-13, at Wayne State University's Bonstelle Theatre.

"Steps in Time" is a historical cavalcade of songs, dances and sketches taken from the British Music Hall, American Vaudeville and Musical Comedy.

The evening's bill of fare includes such old-time popular tunes as "Ta-Ra-Ra-Boom-De-A," "Burlington Bertie from Bow" and "By the Light of the

Silvery Moon," with special appearances by Irene Castle, Gypsy Rose Lee and the Ziegfeld Girls.

Robert E. Lambert of Romulus is a senior. A transfer student from EMU, this year he played, among other roles, Charley in Charley's Aunt, Bob Cratchit in A Christmas Carol and Orlando in As You Like It.

Bob is a Blakely Scholarship recipient, a singer and dancer for King's Island in Ohio and a third-year member of the Movin' Theatre.

Arson set as cause of fire

Leaving a trail of unanswered questions, Van Buren Police announced last week that the deaths of Van Buren postman Paul Vance and his wheel-chair-confined wife, Frances, were caused by arson.

In a special news briefing, Police Chief Leonard Keller said that his department and the State Police Arson Investigators "now have an arson-double homicide on our hands."

The Vances were killed on Feb. 8 when fire swept through their home at 46670 Bemis Rd., destroying the building. The bodies of the victims were discovered on the kitchen floor by firefighters.

Mrs. Vance, 47, suffered from

multiple sclerosis.

"Based on the conclusion of arson, this investigation will now be continued as a homicide investigation and will be conducted as a joint effort by Van Buren Township Police and Michigan State Police Arson Strike Force," Chief Keller said.

A \$2,000 reward has been posted for information leading to the arrest and or conviction of anyone on arson-related charges pertaining to this fire, Chief Keller added.

Chief Keller said he wouldn't comment on a motive for the crime and couldn't speculate on how the fire started.

Vance, 49, was employed by the Belleville Post Office and had been

presented with numerous awards for his service. He was well liked on his route, residents said.

"He was our postman," one resident said, "and I don't think you could have found a better person or a man more devoted to his wife. I really don't know why anyone would want to burn his house down."

The three-bedroom home was completely destroyed. Fire officials say the early morning blaze caused an estimated \$70,000 to \$75,000 in damages.

According to the Wayne County medical Examiner's office, the two victims perished because of smoke inhalation and carbon monoxide poisoning.

CITY OF ROMULUS

AN ORDINANCE TO REGULATE MECHANICAL/ELECTRICAL AMUSEMENT DEVICES AND THE ESTABLISHMENT, MAINTENANCE AND CONDUCTING OF ARCADES IN THE CITY OF ROMULUS; TO PROVIDE FOR THE ISSUANCE OF LICENSES; AND TO PRESCRIBE THE PENALTY FOR VIOLATION OF PROVISIONS THEREOF.

THE CITY OF ROMULUS ORDAINS:

DEFINITIONS: As used in this ordinance, unless the context otherwise indicates, the words hereinafter indicated shall have the respective meanings as stated, to wit:

"TYPE "A" ARCADE" shall mean any place of business or establishment containing FIVE (5) or more mechanical or electrical devices which provide amusement or entertainment, which may be operated or set in motion upon the insertion of a coin or token.

"TYPE "B" ARCADE" shall mean any place of business or establishment containing FOUR (4) or less mechanical or electrical devices which provide amusement or entertainment, which may be operated or set in motion upon the insertion of a coin or token.

"DISTRIBUTOR" shall mean a person who owns THREE (3) or more mechanical or electrical amusement devices distributed within the city, and as a lessor, or bailer, either rents, leases, or loans, or sells at wholesale, and for any other purpose, delivers any of such equipment to other persons in the city, but who does not offer mechanical/electrical amusement devices for use to the general public.

"MECHANICAL/ELECTRICAL AMUSEMENT DEVICE" shall mean any mechanical or electrical device which provides amusement or entertainment, which may be operated or set in motion upon the insertion of a coin or token. A jukebox, coin operated music reproducing machine, or pool/billiard table and shuffle boards shall not be included as a mechanical/electrical amusement device for the purposes of determining an arcade, but a jukebox or coin operated music reproducing machines, pool/billiard tables and shuffle boards are required to be licensed as mechanical/electrical amusement devices.

"OPERATOR" shall mean proprietor, lessee, or employee of any mechanical/electrical amusement device.

"PERSON" shall mean a natural person, firm, co-partnership, corporation, unincorporated or voluntary association, but shall not include established churches, established lodges, or activities carried on by, or under the direction of the city.

LICENSE APPLICATION: (A) Every person, firm, or corporation desiring to obtain a license as required by this ordinance, shall file a written application to the City Clerk, on a form approved by the City Clerk and in the case of a "TYPE "A" ARCADE" a non-refundable application fee of TWO HUNDRED (\$200.00) DOLLARS, which includes inspections, shall be paid to the City Treasurer. In the case of all "TYPE "A" ARCADE" applications, except for hotels over FIFTY (50) UNITS, the Clerk shall, upon receipt of application, notify all property owners within ONE-THOUSAND (1,000) FEET, and provide for a public hearing to allow the local property owners to voice their concerns in regards to the establishment of said arcade. The application shall include the following information:

(1) The name and address of the prospective licensee together with age, the length of time he has resided within this state, places of residence for the past FIVE (5) YEARS immediately preceding the time of such application, whether or not he has ever been convicted of any crime involving a felony, and giving references in such application of at least FIVE (5) reputable citizens of such community where he has last resided within this state, and the written recommendations of at least TWO (2) such citizens of such community respecting his moral character. Each such application shall be accompanied by a fee as herein specified, payable to the City Treasurer upon issuance of license to the applicant, and the applicant shall specify in such application, the type of business, the exact location of the place for which he requests a permit. In case the applicant for such license is a corporation, authorized to do business in this state, the application shall be submitted by the agent of such corporation who will have principal charge of the place proposed to be established and such application shall contain all of the statements and furnish all the facts and recommendations in respect to such agent as are required in the case of a private individual herein. Such license to a corporation shall be revocable upon the occurrence of a change in the agent so managing such place, and a new license may be required before any new agent shall take charge of such place for such corporation. In case of a partnership, each active partner in such business shall join in the application for such license, and shall furnish all of the information and recommendations required of an individual applicant. Information included on the application shall describe machines to be covered by the license, including type, name, mechanical features, name of manufacturer and serial number, a statement as to ownership of machines to be covered by the license, and the fingerprints of the applicant, or in the case of a corporation, the fingerprints of the executive officers of said corporation, together with the names of all stockholders of said corporation.

(2) Kind of license being applied for.

(3) The prospective licensee shall submit an application stating that he desires to maintain mechanical or electrical amusement devices, the proposed location, and the number of mechanical or electrical amusement devices which will be contained therein.

A licensee may transfer the license from ONE (1) device to a replacement device upon the payment of a FIFTEEN (\$15.00) DOLLAR transfer fee and providing the City Clerk any additional information to update the information required under this Ordinance. The fee for a Distributors License shall be ONE HUNDRED (\$100.00) DOLLARS annually.

(B) The fees are payable in like amounts for the renewal of each of the foregoing licenses upon the filing of proper application therefor. After any of such fees have been paid, no refunds will be payable to the applicant. All licenses shall be issued for ONE (1) YEAR, or less, and shall expire on December 31st of each year, unless sooner revoked. There shall be no proration of license fees.

FAILURE TO OBTAIN LICENSE: It shall be unlawful for any person to use for the purpose of commercial use any mechanical or electrical amusement device without first having obtained a license as required by this ordinance.

REQUIREMENTS FOR "TYPE "A" ARCADES": (1) No "Type "A" Arcade" shall be established, maintained, or conducted in the City of Romulus by any person, firm, or corporation, without first obtaining approval to operate such place from the Council of the City of Romulus, and no operator, as defined here in, shall allow or permit the use of a mechanical/electrical amusement device unless a license for such use shall have been obtained from the City Clerk.

(2) **GRANTING OF "TYPE "A" ARCADE" LICENSE:** After review and recommendation by all City agencies, and Departments, but in no event later than FORTY-FIVE (45) DAYS from the date of filing the application, the City Clerk shall present said application to the Council at its next regular meeting. The Council, upon receiving such application, if presented in due form, shall pass upon the same at its next regular meeting, or any adjournment thereof, and, if satisfied that such applicant possesses the qualifications herein prescribed, shall grant such license for a term expiring on the 31st of December of each. All such licenses shall be in such form as the Council may prescribe and shall contain the name, address, place of business, the number of mechanical/electrical amusement devices on the premises, and the date of expiration of said license, and shall be authenticated by the signature of the City Clerk.

(3) It shall be unlawful for any person to use for the purpose of commercial use, any mechanical or electrical amusement device without first having obtained a license for each piece of equipment so used or possessed in accordance with the provisions of this ordinance.

(4) A licensee shall have at least ONE (1) adult operator on the premises at all times that the premises are open to the public, who has not been convicted of a felony.

(5) A licensee shall not open the licensed premises for business between the hours of 1:00 A.M. and 7:30 A.M. (Local Time).

(6) Security guards shall be provided as stipulated by the Police Department.

(7) No license shall issue if the proposed "TYPE "A" ARCADE" is located within TWO-THOUSAND (2,000) FEET of another "TYPE "A" ARCADE," except that this section shall not apply to hotels over FIFTY (50) UNITS.

(8) No license shall issue if the proposed "TYPE "A" ARCADE" is located within ONE-THOUSAND (1,000) FEET of any school building attended by students below the age of SIXTEEN (16) YEARS OF AGE. (Measurement shall be made from front door to front door, along the street line).

(9) No child under SIXTEEN (16) YEARS OF AGE shall be allowed to occupy, or remain in the premise of licensee during normal school hours.

REQUIREMENTS FOR ALL MECHANICAL/ELECTRICAL AMUSEMENT DEVICE LICENSEES: (A) Each licensee shall:

(1) At all reasonable times, upon request, open each and every portion of the licensed premises for inspection by the Police Department and other City Departments for the purpose of enforcing any provisions of this ordinance.

(2) At all times display the license granted hereunder in a conspicuous place near the entrance to the licensed establishment. Each individual licensed machine shall display the license sticker on the respective machine on a location reasonably visible to an inspector.

(3) Have at least ONE (1) adult operator on the premises at all times that the premises are open to the public who has not been convicted of a felony.

(4) Gambling devices are not permitted. Nothing in this ordinance shall in any way be construed to authorize, license, or permit any gambling devices whatsoever, or any mechanism that has been judicially determined to be gambling devices, or in any way contrary to law.

(B) No license shall issue:

(a) Where the individual operator, managing agent of a corporation, or active partner, has been convicted of a felony.

(2) For any premises that do not provide adequate off-street parking and meets all other zoning requirements.

(3) For any premises that do not provide space for safe ingress and egress to such premises.

(4) For any premises that have living quarters with direct entry to the location.

(5) Whenever the Council deems that the granting of such license will not be in the best interest of the public health, safety, and welfare of the City of Romulus.

(C) Conduct on Premises: No licensee, by himself, directly or indirectly, or by any servant, agent, or employee, shall:

(1) Permit any indecent, immoral, or profane language, or indecent, immoral, or disorderly conduct.

(2) Permit the licensed premises to become a location for disorderly persons of any type.

(3) Permit gambling, or the use, possession, or presence of gambling paraphernalia in the premises. The winning of anything of value as a result of the operation of a mechanical/electrical amusement device, shall constitute gambling.

(4) Permit intoxicated persons to loiter on the premises.

(5) Any person who operates, or causes to be operated, a mechanical/electrical amusement device arcade shall not allow, or permit a minor under

SEVENTEEN (17) YEARS OF AGE to remain in or frequent said arcade if a parent of legal guardian of such person shall notify the person operating said mechanical/electrical amusement device arcade in writing, objecting to said minor's presence, or playing of machines on the premises, and shall furnish a recent snapshot photograph of said minor to the person operating the said mechanical/electrical amusement device arcade, nor shall any person who operates, or causes to be operated a mechanical/electrical amusement device arcade allow a minor TWELVE (12) YEARS OF AGE, or under, to remain on the premises after 10:00 P.M. (Local Time) unless accompanied by an adult.

(6) Permit the possession, or use, of any alcoholic liquor on the premises, nor shall the licensed premises be accessible in any way with any place where alcoholic liquor is kept, sold, distributed, or given away. This prohibition shall not apply while a Michigan Liquor Control Commission License is in effect at the licensed premises.

(7) Permit the possession, or use, of any unlawful drug, or narcotic, including marijuana on the premises.

(8) Permit noise, or music to emerge from licensed premises which is disturbing to the surrounding area.

ENFORCING OFFICERS: The Police Department, Ordinance Department, Fire Department, Electrical Inspector and Building Inspector are hereby authorized and empowered to perform the duties herein set forth and to enforce the provisions of this ordinance.

DISPLAY OF LICENSE: (A) The license, or licenses, herein provided shall be posted conspicuously on the wall inside and near the front entrance to such person's place of business.

(B) Every piece of licensed equipment shall contain thereon legible identifying data such as name and address of distributor, if the device is not owned by the proprietor, the manufacturer's name, the kind of device being licensed, and the serial number thereof, the date of issuance, and the date of license expiration, which identifying data shall be permanently fixed on a sticker and placed in a conspicuous place on each piece of equipment required by the provisions of this ordinance to be licensed. If any sticker is mutilated, or lost, it may be reissued by the Clerk for the sum of ONE (\$1.00) DOLLAR for each sticker replaced.

(C) It shall be unlawful for any person to change or alter, or remove the identifying data on any equipment required under the provisions of this ordinance to be licensed after such equipment has been located in and while it is licensed by the City.

UNLAWFUL TO OPERATE UNTIL LICENSED: It shall be unlawful for any person to operate any jukebox, mechanical or electrical amusement device in any store, building, or establishment, until all licenses required under the provisions of this ordinance have been issued, and all license fees paid.

UNLAWFUL TO GIVE PRIZES: It shall be unlawful for any person, by himself, or another, to give any prize, award, merchandise, gift, or anything of value to any player, or to any operator of any mechanical or electrical amusement device, or to any contestant for a high score made thereon.

OBSCENE AMUSEMENT PROHIBITED: No mechanical or electrical amusement device regulated by this ordinance shall display, expose, produce, or emit, any motion or still picture, printed matter, advertisement, writing, music, song, or other amusement that is obscene, indecent, or contrary to good morals. The Police Department is directed to enforce the provisions of this section.

RENEWAL AND TRANSFERABILITY: (A) Any license issued in accordance with this ordinance may be renewed for an additional year upon the same terms and subject to the same requirements as provided herein for an original license. Whenever the holder of such license desires to effect a change of place of doing business, he shall notify the Clerk and make application for a license for such new place in the same manner as the first instance. No license issued pursuant to this ordinance shall be assignable, or transferable, nor shall any person, excepting the person to which it was issued, be permitted to do business thereunder, either directly, or indirectly.

(B) Every such valid license shall expire at midnight on the 31st day of December of each year unless terminated prior to such date by operation of law. There shall be no proration of license fees.

REVOCAION: The City Clerk shall have the right to revoke any license once granted, or deny annual renewal thereof, when it appears to their satisfaction that any licensee has violated this ordinance, or any other ordinance of the City of Romulus, or statute of the State of Michigan. The revocation of any license, or the denial of renewal thereof, shall not be made without a public hearing. Notice must first be given to the applicant, or licensee, setting forth the time and place of the public hearing and the reasons for such revocation or denial of renewal of said license. Notice required hereunder may be given by First Class Mail addressed to the licensee at the address shown on his application for license. Notice given shall set forth the reasons, with specificity, for the proposed revocation or denial of renewal. Any conviction of a violation of this ordinance, or any ordinance of the City of Romulus, or statute of the State of Michigan, involving moral turpitude by the licensee or his employees on the premises, shall be grounds for revocation of any license or the refusal to renew the same.

PAYMENT OF PERSONAL PROPERTY TAXES: No license, or renewal thereof, shall be issued to any person under the within ordinance unless and until a certificate has been obtained from the City Treasurer to the effect that all personal property taxes levied and assessed against such applicant for license have been paid in full.

PENALTY: Any person who violates any provision of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof before any court of competent jurisdiction, shall be punished by a fine of not more than FIVE HUNDRED (\$500.00) DOLLARS and the cost of prosecution, or by imprisonment in the Wayne County Jail for a period not exceeding NINETEEN (90) DAYS, or both such fine and imprisonment in the discretion of the court.

REPEAL: All ordinances in conflict with the provisions of this ordinance are, to the extent of such conflict, hereby repealed.

SEVERABILITY: If any section, clause, or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining sections, sentences, clauses, and phrases of this ordinance as an entirety, it being the legislative intent that this ordinance shall stand, notwithstanding the invalidity of such section, sentences, clauses, or phrases.

EFFECTIVE DATE: This ordinance shall be published in accordance with the character of the City of Romulus and shall become effective in accordance with the terms thereof.

I, Raymond Cantrell, Clerk for the City of Romulus, do hereby certify the foregoing to be a true copy of an ordinance duly adopted by the Romulus City Council at its regular meeting held on the 1st day of February, 1983.

Raymond Cantrell, Clerk
City of Romulus

ATTEST:
William M. Oakley, Mayor

Within forty-five (45) days after the publication of any ordinance duly adopted by the Council, a petition may be presented to the Council protesting against such ordinance continuing in effect. Said petition shall contain the text of such ordinance and shall be signed by not less than six (6%) percent of the registered electors registered at the last preceding election at which a Mayor of the City was elected. Said ordinance shall thereupon and thereby be suspended from operation and the Council shall immediately reconsider such ordinance.

PLAY AND LEARN RETURNS TO HALCREEK

Under the guidance and supervision of Mrs. Cheryl Hopper and Mrs. Jeanette Poletti, the Halecreek P.A.L. program has returned to Halecreek.

P.A.L., which stands for Play and Learn, began more than four years ago when Mrs. Hopper volunteered her time and talents to give four year olds in our area a meaningful school experience. Ever since then she and her companion of two years, Mrs. Poletti, have conducted an excellent pre-school program for youngsters who will enter our kindergarten program next year.

P.A.L. is held each fall and spring for eight weeks. The students come to school each Wednesday from 10 to 11:30 a.m. They learn socialization skills, pre-reading and math

skills, and other activities that will prepare them for their kindergarten program this fall. Painting, drawing and group songs are other fun activities for these four year old students.

This semester following students are enrolled in the program: Laura Ayotte, Tiffany Baron, Ricardo DeLeon, William Hall, Timothy Kearns, Suzette Lippard, Megan Molloy, Leslie St. Marie, Justin Smathers, Laurence Poletti, Jamie Rock, Stacy Cantwell, Jodie Baker, Cherie Luzier, Elizabeth Sullivan and Julia Unger.

Parents who would like more information about P.A.L. are welcome to call the school office (942-0140). Certainly Play and Learn is a worthwhile educational program for our youngsters and an excellent use of the Halecreek School facility. Our thanks go to Mrs. Hooper and Mrs. Poletti for spearheading the P.A.L. program.

WC3 offers cost-saving construction programs

It didn't take long for directors of local housing commissions to catch on to Wayne County Community College's cost-cutting training program.

"After hearing that Inkster's Housing Commission cut their costs by about 25 percent, Romulus, Ecorse, Ypsilanti and River Rouge have already contacted us to set-up building trades training for their maintenance staffs," said Dr. Jo Ann Terry, Dean of Educational Services for WC3.

"Upon completion of three segments of the college's Building Operations Management Program, our staff can now perform jobs which normally we would call on outside contractors to diagnose and repair," said Floyd Simmons, Director of Inkster Housing Commission.

Ernest Monford, Deputy Director of the Inkster Housing Commission and coordinator of their Management/Maintenance Training Program said he checked into various programs to develop employees skills in building trades. "We were impressed with Wayne County Community College's Building Operations Management Program not only for its quality curriculum, but because they were so flexible in tailoring the program to suit our needs," Monford said.

The first two segments of the training program were held at the Western Campus in the Building Operations Management laboratory. Working with hand and power tools, facsimiles of building frames

In the practicum phase of a 25-week building trades training program, Inkster Housing Commission maintenance staff (back to front) Howard Hunter and Rickey Porter patch up pipe leaks with Sam Brown, instructor for Building Operations Management at Wayne County Community College. The building trades training program designed and offered by the College's Western Center for the Inkster Housing Commission, has qualified the commission's maintenance staff to diagnose and make major repairs in units of Inkster's public housing sector. The program gives employees basic skills in carpentry, plumbing, masonry, dry walling, electrical wiring and a general knowledge of cooling systems and building operations management techniques.

Sam Brown said the units they worked on received quite a face-lift. Brown added that employees were able to apply the skills they learned to rehabilitate these units and solve maintenance problems they deal with every day on the job.

The Inkster Housing Commission employs a total of 26 employees be-
